Las Vegas' DJ Joey D developed a passion for music at age 15, after purchasing his first set of turntables and started playing music for neighborhood parties. At 16, Joey started a DJ service and became one of the most popular DJs throughout the Fairfield County, CT, and Westchester County, NY area. By age 20, he began spinning for some of the top venues in the tristate area.

At age 27, Joey opened Joey D's Records, catering to DJs and music professionals. His expertise and knowledge about music attracted DJs from New York, New Jersey, and Connecticut, for music and advice on programming.

In 1998, Joey accepted the position of Head DJ at Lily's Beach Club in the Horizon Casino Resort, Lake Tahoe. By 2002, Joey had become Head DJ and Music Director at Studio 54 in the MGM Grand, and since then spun events at every resort property on the Las Vegas strip.

Today, Joey is one of Las Vegas' premiere music authorities, spinning at the best properties on the strip. His skills as a DJ and music expert keep him at the forefront of the industry.
