

DOG PEOPLE EVOLUTION

THANK YOU for your interest in the Dog People Evolution Conference, originally scheduled for May 2024. Whether you've subscribed to join the DPE community, followed us on social media or heard about us through a friend, we are so glad you are here. Your curiosity and enthusiasm have propelled our mission of helping humans change, in ways that we did not anticipate. You have overwhelmingly confirmed that the Dog People Evolution is both timely and vital.

WITH THIS in mind, we need to let you know that we have made the difficult and necessary decision to postpone the DPE Conference until late May / early June of 2025. For transparency, as two of our founders are currently managing serious health issues within their families, premiering this conference in less than four months was no longer possible.

WE'VE ALSO come to recognize a valuable lesson: if we don't take care of ourselves we won't be able to care for all of you leading up to and attending the conference. The DPE mission is designed to support and inspire human change. To act otherwise on our part would be out of integrity. Everything that happens in Life is an opportunity, and we are choosing to grow in new ways during this particular challenge.

OUR VISION has only strengthened. A vision of dog people evolving in their desire and dedication to support humans in need, without merit, and free of malice. You, who are the thought leaders of the DPE movement, will be recognized as vulnerable, honest and inspiring. Your humility will become a beacon and service to others, the vehicle by which the dogs of our world will find new freedoms.

LET'S FOCUS now on building community. A community based on care and respect for each individual's process of learning and access to change. A community willing to engage with new learners rather than enrage them. A community whose touchstone is emotional awareness and whose practices are principled and resilient.

MORE INFORMATION about the Dog People Evolution Conference 2025 is forthcoming. Stay current. Follow us on social media, subscribe to the DPE website, and revolutionize the evolution.
