ASP2 Summer Program is a 10-week program beginning June 5th.
In addition to the weekly activities scheduled, each scholar will

have extra assistance in any challenging areas of learning from the previous school year to prepare for the success of the upcoming school year. It is not mandatory that your scholar attend, however for recording purposes we require your signature indicating your scholar will be attending and you understand all the following are required to attend.

- Your account is in good standing with no outstanding balance.
- Extreme behavior will result in dismissal from the program.
- Assignments must be taken seriously.
- Tuition is the same regardless of full 10 weeks' attendance.
- Uniform colors are not required during the Summer Program.
