

In 2021, Felicia brought her background in Human Resources and Mortgage Sales into the insurance industry, focusing on Medicare and the senior community. Her 15 years in Human Resources and 10 years in Mortgage Sales help her explain Medicare in a clear, patient, and practical way. A longtime Menifee resident since 1983, Felicia understands the local community and is committed to helping seniors feel informed, respected, and confident as they make important healthcare decisions.

Felicia cares deeply about helping seniors understand Medicare through education, patience, and clear explanations. With more people over 65 than ever before, many individuals are left to make healthcare decisions without enough guidance. Felicia is honored to help clients understand their options, avoid confusion, and move into the next phase of life with greater confidence.

About Me

I am a local, licensed, independent insurance broker trained to help clients understand their Medicare options. I am certified with many leading Medicare Supplement, Medicare Advantage, and Prescription Drug plan carriers. Because I represent most major companies with a Medicare contract, I can help you compare your options, answer your questions, and focus on what best fits your needs.

My goal is to help you find a health plan that fits your healthcare needs, doctors, prescriptions, lifestyle, and budget. I explain your options clearly so you can compare plans with confidence and choose what feels right for you.

All at NO COST TO YOU!

As an independent broker, I work directly for my clients—not for one single insurance company. I also collaborate with a team of experienced brokers and a nationwide agency, giving my clients access to broader knowledge, support, and resources when they need them.

Think Medicare is a one size fits all or that it's not going to work for your needs?

Medicare is not one-size-fits-all. Your health needs, doctors, medications, travel, and budget all matter when choosing coverage. I take the time to learn what is important to you, explain the available options, and help you compare plans so you can choose with confidence.
