

In 2021, Felicia transitioned to a career in the insurance industry with a strong focus on Medicare and the senior community. Her past experience made understanding the field of Medicare a natural progression. She spent 15 years in Human Resources and 10 years in Mortgage Sales. She has found her calling by helping the senior community. Felicia has lived in the Menifee area since 1983 and raised her family here.

Felicia cares deeply about helping the senior community through education and proper understanding of the complexities of Medicare. There are currently more people over 65 than at any time in history and there simply aren't enough people out educating this demographic on how to navigate their healthcare along with many other decisions that need to be made in this phase of life. Felicia is honored to be helping this community transition into their new healthcare options.

About Me

Felicia Petersen is a local, licensed and trained independent insurance broker. I am certified with many top Medicare Supplement, Advantage and Prescription Drug insurance plan carriers. I represent most major companies with a Medicare contract and am qualified to answer any questions you may have.

My goal is to help you find a health plan that best suits your personal healthcare needs and budget by educating you on all the options available giving you the power to compare and freedom to choose.

All at NO COST TO YOU!

Although I am an Independent Broker I do not work alone, I have an amazing team of talented and experienced brokers that I collaborate with and a nationwide agency that is also available to support me so that my clients truly have the information they need.

Think Medicare is a one size fits all or that it's not going to work for your needs?

Think Again! Medicare is not like what you've had before. There are many options. Coverage through Medicare can be specific to you and your needs as an individual. We have many plans to choose from and will take the time to learn your needs, preferences and budget so you can select a plan that will meet your goals.
