

HYBRID-TOOLS

Hybrid-Tools can be mounted on any peg board, hooks, stored in a bag or tool box.

Warranty: Hybrid-Tools LLC offers a 1 year replacement on any manufactured defects. Warranty is void if any abuse on the shovel heads and handles. Tool heads and handles are not designed to use as hammers, pry bars, hammering into the ground, objects, or as a weapon. Splines on tool heads and acme adapters may get scuffed and burred up if not protected by hanging caps (supplied) when not in use. Warranty is void if any tampering, modifications, hammering, drilling, unscrewing or disassembling.

HYBRID-TOOLS

P.O. Box 28998
Scottsdale, AZ. 85255

A Heavy Duty Patented Interchangeable Multi Tool Head. Hybrid-Tools is a one

of a kind work tool with interchangeable tools heads and handles. Hybrid Tools offer's 3 handle sizes and an assortment of tools heads, an Acme

thread adapter, that will change the handle into an existing broom, paint roller, mop, duster, or what ever else requires a Acme thread insert. This Patented Multi

Tool does not require any special storage or hanging space. All tool heads and handles can be mounted on a wall with a peg hook, stored in a bag or into a tool box.
