Blushing Belles

PRE-APPOINTMENT PREP LIST

Before We Begin...

If you're not receiving hair or makeup services from our team, simply skip the sections that don't apply to you and follow your stylist or artist's instructions.

While we achieve a beautiful, long-lasting glam look, some touch-ups will be needed keep you looking flawless all day.
Treat your face delicately, use a tissue to blot if needed and avoid rubbing. Be sure to refresh your lip color throughout the day, particularly before the aisle, for photos, and before reception.

To ensure you have the best experience, please follow these preparation steps:

Hair Preparation:

- Hair Must Be Dry: Please arrive with completely dry hair. If not, a $45 blow-dry charge will be applied.
- Shirt or Robe: A button-down shirt, robe, or tube top is best
- Wash Your Hair: Double wash your hair the day before with a clarifying shampoo. Use conditioner only on the mid to tips of your hair. Blow-dry your hair smooth. Avoid washing your hair on the day of the appointment or using any styling products or hot tools, except for a blow dryer.
- Hollywood Weaves: Due to extra time needed, Hollywood weaves are limited to the bride or one guest per group.

Hair Extensions:

- Extensions must be 100% human hair — synthetic hair cannot be used.
- If you're bringing your own clip-in extensions, please wash them prior with a clarifying shampoo (rinse, lather, and repeat twice). Do not add conditioner or products. Blow-dry them smooth until fully dry, especially if they are new.
- Extensions Policy: Hair extensions are complimentary for the bride, a fee of $35 applies for each additional attendee.

Skin Preparation:

- Moisturize and Exfoliate: Please moisturize and exfoliate your face and lips before the appointment.
- Avoid Sunscreen: Please avoid applying sunscreen before your appointment, as it can affect product performance.

Setup

- Space Requirements: Have an empty table with standard chairs (a dining room table works best) in front of a large window, near outlets, with 3 chairs set up before our arrival.

Scheduling:

- Makeup Timing: Please do not schedule the bride as the last person for makeup. The bride's makeup should be done second to last, and hair should be completed before makeup.

Touch-Up Essentials:

- All attendees and the bride should have a neutral lipstick, gloss, and lash glue ready for touch-ups after makeup application.
- Prepare straws for the bridal party to drink without smudging their makeup.
- Please do not steam your dress after hair and makeup is completed

Style Inspiration:

- If you have any hair or makeup photos you love, please have them ready to show your artist.

Bride's Glam Emergency Kit:

We recommend preparing a glam emergency kit with the following items:

- Lip liner
- Lip gloss
- Lipsticks
- Chapstick
- Concealer
- Powder
- Blush
- Facial spray
- Curling wand
- Brush/comb
- Hairspray
- Bobby pins
- Cosmetic brushes
- Sponges
- Lash glue
- Small mirror
