Trike Conversion Kit for the Honda Goldwing 1800

Adding more *Life* to your Riding Years... and more Years to your Riding Life!

CobraXL

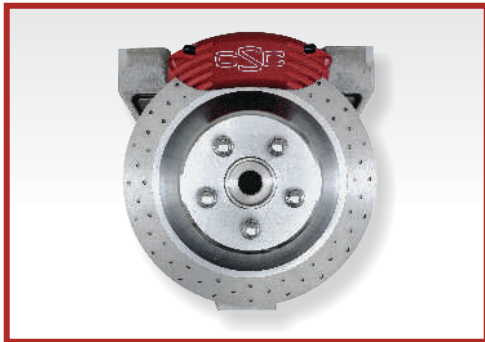

CSC

California SideCar

The *COBRA* is a trike designed from the ground up to deliver superior performance, ride and safety. At its core is a race-honed, fully independent suspension system that smoothes the roughest roads while providing responsive handling to the driver. And now the industry's #1 selling trike kit for the Goldwing 1800 just got even better with the new *CobraXL* which doubles the trunk storage capacity to 8 cubic feet without sacrificing styling.

8 cu ft of Trunk Storage Capacity

Performance Brake Upgrade

3.4 Gallon Auxiliary Fuel Tank

SUSPENSION

Independent Suspension

- Performance designed independent suspension with vertically stabilized opposing Rocker Mono Shock
- Shock Spring: 300 lb/in racing spring designed to accommodate up to a 650lb payload (lighter and heavier springs available). The CSC system retains the use of the O.E.M. electro hydraulic pre-loader.

DRIVETRAIN

Drivetrain

- Final Drive Gear: CSC specific aluminum differential housing and gearing
- Driveshaft: One piece vibration free automotive style shaft with automotive u-joints

DISC BRAKE SYSTEM

Disc Brake System

- Brake Calipers: Patented four-piston billet aluminum alloy caliper enabling the CSC Disc Brake System to fully integrate with the O.E.M. Linked Braking System to provide superior braking. Optional anodized red and engraved caliper
- Rotors: 11.5" purpose designed with optional drilled, nickel plated rotor
- Optional ABS Integration
