

# VibraSolve NF

## Safety Solvent Detergent/Degreaser

### DESCRIPTION

**VibraSolve NF** is a multipurpose, solvent based, detergent designed for circulation and manual cleaning in the dairy, beverage, meat and food processing facility.

**VibraSolve NF** is an effective cleaner for use in case washers, floor scrubbers, high-pressure cleaning systems in the modern food processing facility.

### Advantages/Properties

- Non-chlorinated detergent.
- Effective in removing greasy soils from surfaces.
- Non-foaming formulation.
- Special surfactant-safety solvent blend.

### DIRECTIONS FOR USE

#### Circulation Cleaning

1. Dispense **VibraSolve NF** either manually or with a chemical feed system. Use at a rate of 2 to 6 oz. per gallon depending on spoil load.
2. Rinse with potable water.
3. Sanitize equipment with the recommended Zee sanitizer.

#### Manual Cleaning

1. Dilute 2-8 ounces per gallon, depending on soil load. Apply using a scrub pad or brush to surface to be cleaned. Rinse equipment with potable water to drain.
2. **Do not allow chemical to dry on equipment surface.**
3. Sanitize equipment with the recommended Zee sanitizer.

**Contact Zee Co. for the MSDS documentation.**

*DO NOT MIX THIS PRODUCT WITH ANY OTHER CHEMICAL UNLESS DIRECTED TO DO SO BY ZEE COMPANY!* Avoid contact with chlorinated products. Dangerous gasses may be released.

**PHYSICAL PROPERTIES**

Appearance:	Clear liquid
Weight per gallon:	8.7 pounds/ gallon
Color:	Blue
Odor:	Characteristic
pH	> 12.5
Chemical Stability:	Stable
Biodegradability:	Complete
