

**Painted Side Porch Cabin
with metal roof
and 9 Lite prehung door**

**Well,
HELLO THERE,
NEIGHBOR!**

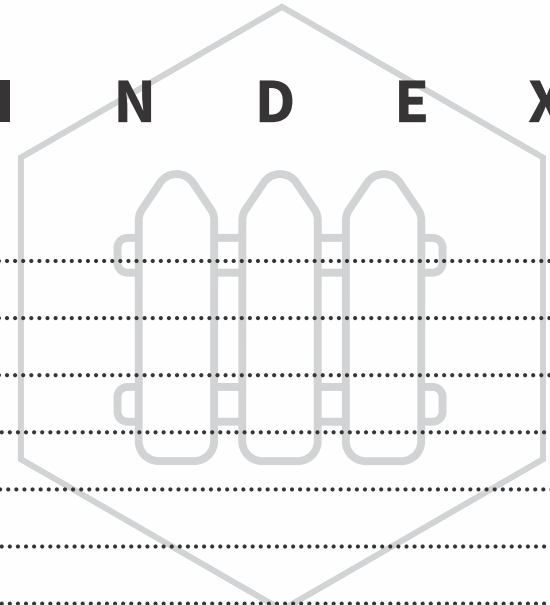

Thank you so much for taking the time to peruse our catalog as you consider the best building option for your back yard or project. We are local builders and it's our goal to serve our neighborhood, following the Golden Rule, "Love your neighbor as yourself."

We've been a part of this community since 2000, manufacturing quality prefabricated portable buildings for many neighbors in the local area. We anticipate forming a friendship that will last for many years.

You'll notice we offer a wide variety of options in our line of products: barns, cabins, garages, sheds, and utility buildings in many sizes. We make it a priority to meet each neighbor's unique needs on every project and many of those needs have led to new styles of buildings and expanded options. Back in 2000, we were only building sheds with pressure treated wood siding. Now you'll notice that we offer you the option of metal, painted, urethane, or vinyl siding.

If you're needing an option that's not listed, just ask! That's what we're here for.

WE ARE NEIGHBORS

Our buildings are constructed by local craftsmen builders. Stop by one of our dealers and step inside a building or discuss your dreams with our friendly salespeople. Our innovative delivery system allows your building to be unloaded on the street, when needed, then rolled into tight locations, exactly where you want it.

FREE RELOCATION PACKAGE

We understand how much you value your Cardinal Portable Building, so we are offering you an extra service through our Free Relocation Package. This enables you to retain your personal investment in the building you chose instead of being forced to sell it at a reduced price or almost giving it away. Whether you move across town or across the next two counties, we will relocate your building to your new location for no charge within our delivery range.

We are still *YOUR NEIGHBOR*
