

Understanding

Adhesive

Arachnoiditis

A comprehensive overview of what the disease is, its complex pathology, and its impact on patients.

DR. FOREST TENNANT

LUNCH & LEARN

VIRTUAL PRESENTATION
LUNCH PROVIDED

The Tennant Foundation is offering to provide and host a valuable Lunch & Learn experience directly within your facility for the benefit of your personnel.

- AA Causes: Risk factors examined: spinal trauma, infections, medical procedures, EDS, and viral reactivation
- Research & Palliative Care: An update on the current state of AA research and the role of palliative care in improving quality of life
- AA Management: Current and emerging strategies for pain relief, emergency response, and multidisciplinary care
