

The Edmonton Adaptive Sports Association (EASA) Storm Sledge Hockey program is announcing the upcoming 2019 EASA Sledge Hockey Golf Tournament on Thursday, July 18th at the Broadmoor Golf Course. EASA is actively reaching out to businesses and individuals in the community to support this annual fundraiser.

The Edmonton Adaptive Sports Association is a charitable organization providing a sledge hockey program for athletes of all abilities. The funds raised from the 2018 golf tournament allowed 2 teams to travel to a sledge tournament in Brampton, Chicago & Leduc. Presented by the NHL and supported by the Edmonton Oilers, EASA attended the 2019 NHL Sled Classic on February 7th in Chicago, Illinois. EASA Storm B (Edmonton Oilers) moved up to Tier II to be defeated by the Nashville Predators in the Championship Game. The EASA Storm C team fought hard in Tier IV taking the win over the Columbus Blue Jackets and defeated by the Dallas Stars & Anaheim Ducks. Both teams represented the Edmonton Oilers proudly and played their best. The teams look forward to representing the Edmonton Oilers at the NHL Sled Classic on November 21, 2019 in St. Louis, Missouri.

The 2019 EASA Sledge Hockey Golf Tournament is an excellent opportunity for individuals or businesses to receive exposure while helping to support a great cause. There is a wide range of sponsorship and participation opportunities available with a silent and live auction to be held at the event. Your involvement will directly impact the sledge players' continued skill development, self-esteem and acceptance through teamwork and competition. To donate an item, please contact us to arrange for pick up at your earliest convenience.

EASA appreciates your consideration and looks forward to hearing from you soon.
