

The Edmonton Adaptive Sports Association (EASA) is excited to announce our upcoming 2020 EASA Storm Fundraiser. Due to Covid-19 restrictions, the annual EASA Storm Sledge Hockey Golf Tournament has been cancelled although we will move ahead with an online fundraiser which entails a silent auction, raffles and a 50/50. EASA is actively reaching out to businesses and individuals in the community to support our organization.

We are a charitable organization that provides a sledge hockey program for athletes of all ages and abilities. The funds raised will help with equipment costs, ice costs and allow EASA to keep registration fees low so more individuals can play. Additionally, fundraising efforts provide the players with the opportunity to travel with the support of our generous sponsors.

The 2020 EASA Storm Fundraiser is an excellent way to promote your business while supporting a worthwhile cause. To partner with us in this fundraiser, please consider donating an item or gift card from your business. To participate in the on-line fundraiser or for more information contact Sharon Veeneman @ 780-721-7071 or via email at info@edmontonadaptivesports.ca. Your involvement will make a difference for individuals to be able to play the great sport of sledge hockey. Thank you for your considerations!
