BRAZILIAN QUARTZITE

collection

Vivacious, but full of class. De nada!

Do you hear that energetic music? Do you feel how the air vibrates, pulsates and resonates? Warm sand under your feet, a blue sheet of water on the horizon, and a singular thought in your mind: how to hold on to this aura for just a little bit longer, hold it in the palm of your hand and take it with you wherever you go, so this exotic feeling can delight you with its rhythm and contrast on a daily basis. You're already aware that parting with the azure ocean, golden beach and the deep, dark, rocky outcrops will be of great difficulty. But do you really have to part with it all?
