## WHO WE ARE...

A multigenerational movement of people of all ages who believe there is a solution to all the social and economic injustices in our society.

## WHAT WE BELIEVE...

We work in coalitions with other organizations on crucial issues affecting the quality of life and oppose discrimination against, and oppression of persons because of age, race, gender, sexual orientation, religion, ethnicity, nationality, class, physical disability or political orientation through education and advocacy.

## WHAT WE DO...

We provide education and advocacy on issues impacting older adults in social and economic justice; a clean sustainable environment; work for the preservation and expansion of social security and Medicare; decent affordable housing; full employment

## EVERYONE IS WELCOME!

The **Gray Panthers** were founded in 1970 by Maggie Kuhn, whose diligent uncompromising fight against the injustice of ageism spearheaded this movement.

### There are six myths about old age:

1. That its' a disease, a disaster.
2. That we are mindless.
3. That we are sexless.
4. That we are useless.
5. That we are powerless.
6. That we are all alike.
