

'THE BASILICO'S DECLARATION & PLEDGE OF LOCKDOWN DEFIANCE' JULY 5, 2021

'Basilico's Pasta e Vino' ownership pledged its business as a 'Constitutional Battleground' only in defense of American Liberty and Freedom, against all enemies waging lockdown tyranny throughout 2020 and 2021, and beyond. They did so in honor of our Founding Fathers who have gifted us the protections of our God given Freedoms, and all fallen heroes of our military who have made the ultimate sacrifice protecting them since.

Basilico's took its stand on day one of the California lockdowns on March 19, 2020, never complying with any mandates, and operating openly and fully throughout, with zero restrictions. Ownership did not just resist lockdowns, but attacked them publicly, challenging, shaming, mocking and daring all pro-lockdown enemies of Freedom.

Unfortunately, now because the wannabe mini dictators have been empowered by the majority of individuals and business owners who have so easily surrendered their Freedoms, it is anticipated that in the near future, additional lockdowns will be ordered by government officials at all levels.

The rest of the world was watching how America would lead the fight for Freedom against lockdown tyranny since March, 2020, and Americans failed miserably. As the world's Beacon of Freedom, this shall not happen again!

When waging lockdown tyranny, the enemies primarily targeted businesses. We though can never view ourselves as victims when our Freedoms are under attack. Instead, we shall consider ourselves blessed to be on the front lines of this battle, with an opportunity to honorably defend what America stands for, in the spirit of those great brave Patriots who came before us.

We therefore believe that if others next time, declare to go into battle against the lockdown tiny tyrants, pledging to take the same stand as 'Basilico's Pasta e Vino' did during 2020 – 2021, and stand together when doing so, the enemies of Freedom will be defeated early and even deterred from making such an attempt to begin with ever again.

So in observance of celebrating our Independence in the month of July, this document serves as an official declaration and pledge by all who sign, that should the enemy attempt to wage lockdown tyranny on the American people again, by trying to impose and enforce mandates infringing on our God given Freedoms, protected under the U.S. Constitution, they promise to defy in a manner that is consistent with the same principles held and stated, and tactics used and set forth by 'Basilico's Pasta e Vino' ownership.

The enemies of Liberty and Freedom only respect and fear strength, so we must fight with the indomitable Patriot spirit of 1776 that makes us uniquely Americans.

In that spirit, the business owners who sign this document, declare and pledge to take their stand as follows:

1. I will take my stand on day one of any ordered lockdowns. A hard, zero compromise, take no prisoners stand, and when doing so, will publicly dedicate my business as a

'Constitutional Battleground', willing to sacrifice and risk everything I possess and own in the fight.

- 2. The stated purpose of my stand will only be in defense of American Liberty and Freedom. The fight is bigger than myself. I will take my stand for my country.**
- 3. My stand will be in honor of our nation's Founding Fathers and the Fallen Heroes of our Military, those who have risked and sacrificed everything for our American way of life.**
- 4. I will proudly fly both an American flag and a 'Do Not Tread on Me, Live Free or Die' flag in front of my business, to signal to the community that I am taking my stand.**
- 5. I will remain open fully, without restrictions. I will operate with zero compliance, no sign of any mandates inside my business. My business will represent 'Vintage America' pre 03.19.20.**
- 6. I will remain open boldly. I will make the public aware of my defiance. I will not do it quietly in stealth mode. I will promote my stand, setting an example for others to follow.**
- 7. I will flout any and all mandates, and when doing so, will taunt, shame, challenge and dare the enemies of Freedom. I will show no fear. I will not just resist lockdowns, but instead attack them.**
- 8. I will ban masks from my business, and post signs in front of it notifying customers of my policy. We understand that masks are the greatest weapon of the lockdowns. They are used to divide Americans, and they represent fear, control and surrender.**
- 9. I will not use excuses, exemptions or loopholes to justify my stand. I will not argue the science, giving it credibility, as a determining factor in whether we can live and work freely, understanding that nowhere in the U.S. Constitution does science dictate freedom.**
- 10. I will ignore citations, warnings, threats and even notices to appear for court dates. I will do so, not to give authority to those who have none over me. I will not allow lawyers to compromise the principles of my stand. I will not hide behind legal representation. I will not leave the destiny of my Liberty and Freedom in the hands of lawyers, courts and judges.**

I will never surrender!
