

UNDERCANOPY · HIGH-RED SPECTRUM

Anthera 125W Undercanopy

High-red spectrum · 135° tri-surface · IP65

The fixture most overhead-only catalogs miss. Field-validated to lift yield 25–40% by activating the lower canopy with a deep-red and far-red enhanced spectrum. Tri-surface 135° optics and an IP65 build let it live right where the plant lives.

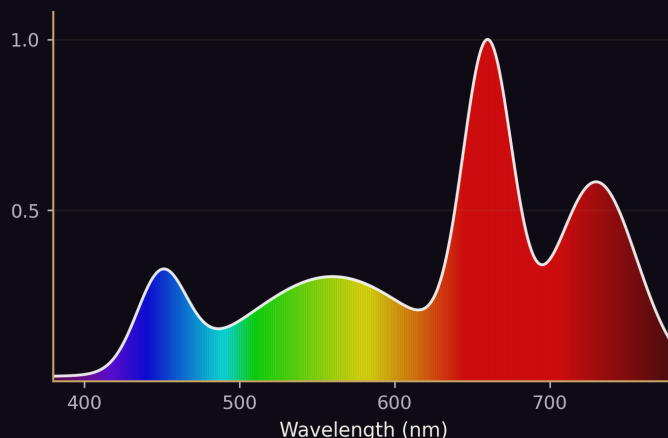

AT A GLANCE

Power	125W
PPF · PPE	363 $\mu\text{mol/s}$ · 2.9 $\mu\text{mol/J}$
Spectrum	High-Red (deep + far red)
Beam	135° tri-surface
Voltage	120–277V · IP65
Control	0–10V · RJ12 chain
Weight	4.8 lbs
Warranty	5-year standard

FEATURES

- › Deep-red + far-red enhanced full spectrum
- › Tri-surface 135° lens fills the lower canopy
- › RJ12 integrated daisy-chain wiring
- › 0–10V dimming for controller integration
- › IP65 sealed for in-canopy environments

FULL SPECIFICATION

Product Model	LED125W-UC
Power	125W
Light Output (PPF)	363 $\mu\text{mol/s}$
Efficacy	2.9 $\mu\text{mol/J}$
Spectrum	High-Red (deep-red + far-red enhanced)
Beam Distribution	135° tri-surface
Input Voltage	120V – 277V
Dimming	0–10V
Connectivity	RJ12 integrated daisy-chain
IP Rating	IP65
Product Weight	4.8 lbs (2.2 kg)
Certifications	DLC Listed · ETL · CE · RoHS
Warranty	5 years standard
