

Important! Procare Info

This year, we are excited to introduce Procare!

Please have the following steps complete before Orientation:

- Please make sure you have accepted the Procare invitation sent to your email
 - Follow instructions to download app in the invitation
 - Upload General Health Appraisal and Immunization records under “download” tab (It should be super easy! You can even upload a picture of a document. **This is due August 13th.**)
 - Update your child's Profile - click the “profile” pencil on bottom right of Procare app
 - Please make sure Name/Address/Emails/Authorized pick up people are all updated. **IMPORTANT!**

What Procare will do:

- Provide each parent and authorized pick up person for your child with the **4 digit PIN** that you create on the app.
 - You will use this 4 digit PIN to check your child In & Out of school
 - Very safe way for families to add pick up people (we will still ask for ID if new for the first time)
- Update Info
 - You can update your child's info at any time!
- Correspondence
 - Teachers will be able to correspond with your class and you through the app!

We are excited for this user-friendly addition to W.H.E.E.! Please reach out to Brigit McNair if you are having trouble or have any questions - bmcnair.whee@gmail.com.
