Tips and Techniques to Create Compelling Abstract Art

Join us for a live demonstration by NC artist, Jodi Ohl, author of Abstracts in Acrylic and Ink on August 9th, 2025.

During this demonstration, Jodi will share her top 10 tips and techniques to create compelling abstract art using acrylic paint, acrylic mediums, and various tools/mixed media supplies.

Have you ever wondered how to create the illusion of texture and depth without adding bulk to your surface?

Perhaps you do love textural effects, but you are confused on what medium to use and when to use it to achieve your desired effects.

What are some of the key ingredients to incorporate into your abstract art to go from background to a composition.

During this fast-paced demonstration, Jodi will showcase several of her tried and true processes that will ignite your muse and put you on the path to creating abstract art without the fear of the blank canvas.

We will also have time for Q & A during the session, feel free to ask during the session or to send questions to Jodi ahead of time for discussion points during her demonstration and her afternoon workshop to follow the presentation.
