Team Competition

Team and individual athletes: if a group is composed of team and individual athletes, the warm-up groups is split as follows:

- Team + 1 individual: all warm up together
- Team + 2 or more individuals: the team warm up and competes first; the individual athletes always warm up as a second sub-group

Individual Competition

Group Warm-Up

Individual warm-up:
Time stopped between athletes for max 5sec
*includes time to set-up the mats and board

UB (Chalk, Raising)

If there are athletes with and without grips/chalk or needing to raise the bars, the athletes are divided into 2 sub-groups: grips/chalk and no grips/chalk.

Each athlete is guaranteed 90sec (CJO) / 2min (HP) to warm up. 90sec are granted for each different bar preparation/raise. As a general guideline, the coaches will agree on the most efficient way to warm up and compete prior to warm up on UB.

The warm up and competition order may be changed for efficiency. If the coaches do not agree, the Apparatus Head Judge will decide.

Group Size

7 or less warm up in one group (CJO); 5 or less warm up in one group (HP)

8+ athletes warm up in 2 groups (ex: 4-4, 5-4, 5-5) (CJO); 6+ athletes warm up in 2 groups (ex: 3+3, 4+3, 4+4, 5+4) (HP)

MAG Warm-Up Format

General Warm Up

20-30 minutes  
Open format (athletes may use the equipment at will)

Event Warm Up

All levels will follow the warm-up compet format  
L1&2: 45sec/athlete (group format)  
L3&4: 60sec/athlete (group format)  
L5+: 90sec/athlete (group format)  
Following the apparatus group warmup, National Open athletes will receive an additional 45sec one touch before they compete
B. **Grouping of Athletes**
Athletes will be grouped in a way to ensure the best quality of judging possible and to ensure efficiency during competitions.
- Groups with more than one club represented should have a random draw for club order in the first rotation and then alternate for other rotations
- During team event competitions, a club team cannot be split (dependent on the number of team members. Provincially, there is no max on team size)
- Clubs need to understand that it will not always be possible to have all their athletes in the same group during a session
- For sessions with mixed level/age groupings, there will be a random draw for group 1 placement for start on the 1\(^{st}\) event of the Olympic order as all athletes should have equal opportunity to begin in this placement

C. **Team Competition**
Not all competitions have a team competition component.
- A team is defined as a minimum of three (3) gymnasts plus one (1) registered coach
- A Club may send a team for each age category
- At the time of Meet entry Registration, team coach must be identified.
- The three (3) top scores on each apparatus will be totaled for the team score for each Age Category.
- Gold, Silver and Bronze Medals will be awarded to all members of each winning team
- Deductions concerning team attire (identical club leotards/singlets) will not be applied in NL to take into consideration clubs who are in transition from one suit to another

D. **All Around Competition**
In the event that only one (1) individual competes in an age category and cannot be combined with another they will be eligible for the all-around

E. **Individual Event/Apparatus Competition**
If a gymnast does not compete on all apparatus or scratches from one or more events, they are still eligible for the individual event/apparatus awards. Individual event athletes are still eligible for the computation of the team score and the club award where applicable.

F. **Results**
In NL, placements are not skipped in the results (ie: 1, 2T, 2T, 3, 4T, 4T, 5).

1. **Flashing Scores**
   - **MAG:** When electronic scoring is not used, only the Start Value / D score will be flashed at qualifying meets
   - **WAG:** When electronic scoring in not used, for JO 3&4 no SV will be flashed, only Final Score.
   - For all other levels, both Start Value / D Score and Final Scores will be flashed

2. **Posting of Results**
When not using online scoring, results are to be posted after each rotation for coaches to view. The meet director/competition announcer must announce when results are posted and the 15 minutes will begin from that time.
There is to be an up to 15 minute coaches meeting at the end of the competition for coaches to review and sign off on results before results are posted publically and considered final.
No awards are to be given out until coaches’ and judges review the results first.

3. **Errors & Revisions**
   It is recognized by GNL that human errors do happen from time to time when imputing results data. GNL has put many checks in place to minimize these types of errors. It is the responsibility of tabulators, coaches and judges to check results before they are considered final.
   In the rare case that something does get missed after final results are posted it will be adjusted any time prior to the start of the next qualifier meet (or prior to team naming in the case of provincials) as athletes deserve the scores the judges intend them to have and could affect qualification to Provincial Teams at no fault of the athlete.

G. **Awards**

1. **Certificates**
   At Provincial Championships, all competitors will receive participant certificates or ribbons.

2. **Medals**
   At Provincial Championships, medals will be awarded in all age categories.
   Medals will be awarded to athletes in 1st, 2nd and 3rd place standings
   - Top three (3) in all-around
   - Top three (3) on each apparatus/event
   For combined categories at Provincial Championships, after the all-around is complete, the top placing athlete from the additional category/categories will be recognized with a special ribbon using the following procedures:
   Wording To Be Decided by 2018 Provincials

3. **Ribbons**
   At Provincial Championships, ribbons will be awarded in all age categories.
   Ribbons will be presented from 4th to 6th place

4. **Trophies, Plaques & Special Awards**
   Perpetual plaques awarded at Provincial Championships remain the property of GNL and are the responsibility of the club once awarded to the winner. They are intended to be displayed at the club and not to remain with the winner until returned to GNL, upon request, the following year. Any damages recorded upon receipt of the plaques will be invoiced to the club.

Section III - GNL Events

A. Hosting Criteria & Expectations

1. Camps
When hosting GNL Camps, facility should be exclusive for the camp. If this is not possible, GNL should be notified well in advance of the event being hosted in order for GNL to work with the facility to come up with a plan that ensures adequate space for the camp. GNL activities would have priority of equipment and scheduling.

2. Competitions
For Elite Canada Screening, the facility must have no other activity going on in the gym. The floor space is open to participating athletes and their coaches only, no other coaches will be permitted. No spectator’s area will be set up for this event, the facility viewing area will be open to participating athletes immediate family only, no extended family or friends permitted. Registration costs are due to GNL prior to the screening activity. The facility hosting will open their gym up to other clubs participating for 5, 2-3hr training sessions at regular competitive training times prior to the screening activity. Any costs over the funding from GNL, will be billed back to the clubs in attendance.

Competition hosting should follow from the GNL hosting manual and additional sections in this manual: Part 1 Section 1

B. Provincial Championships

1. Registration of Athletes
All gymnasts registering for Provincial Championships, must be registered with GNL

Medical Refunds: As long as notice of removal from the event is received 7 days before the event and is accompanied with a doctor’s note, a medical refund of registration fees will be given. There is a $25.00 administration fee for all medical refunds.

2. Appointment of Officials
All Judges wishing to attend Provincial Championships, must be registered with GNL as an official.

The appointment of judging panels will be the responsibility of the GNL JDC in consultation with the host club.

Panels will be set and distributed a minimum of 1 week prior to a competition. Panels must note judges’ name, event assignment and judging level.

All available judges in the hosting centre will be utilized and panels will be filled, as needed, outwards from the Host Club, minimizing travel and other costs, if applicable, whenever possible.

Judges assigned to Provincial Championships are expected to be available to judge at all levels and events for which they are qualified.

The following guidelines will be used when constructing panels if at all possible, however in extenuating circumstances, judges of lower levels than specified may have to be used to fill panels.

- Whenever possible, the Competition Chief Judge should have no specific judging responsibilities – they are to oversee the panel judges at the competition.
- Competition Chief Judge – Certified at the level of the highest competing athlete in the session
- Event Head Judge – Certified at the level of the highest competing athlete in the session
- Panel Judges – Trained to judge at the appropriate level(s)
3. **Meetings**
At Provincial Championships, there will be a coaches meeting prior to each session. This meeting will be to give any program updates and clarifications as well as any additional competition procedures. There will also be an additional assembly meeting at Provincial Championships where team naming will take place. The chief judge of the session usually chairs the coaches meeting in conjunction with the host club floor Marshall. The Program assembly meeting is usually chaired by the appropriate Program Committee chair.

C. **GNL Camps & Physical Testing Events**

1. **GNL Camps - General**
After the registration deadline, unless otherwise stated, if there are vacant spots remaining, invitations will continue as long as timelines permit.

   In the event a camp is cancelled, a $25.00 administrative fee will apply to each registration refund.

   Medical refunds will be given up to one week prior to the camp provided there is a doctor's note. After the one week mark, refunds will not be given. A $25.00 administrative fee will apply to each medical refund.

   GNL encourages clubs to send coaches to camps as it is a great development opportunity to learn and connect with clubs from across the province. Coach registration to camps is free of charge as long as coaches attending are involved with the camp by helping implement the schedule and activities. Otherwise, clubs will be charged to have their coaches attend. A penalty of $100.00 per coach will be applied retrospectively if identified by the guest/lead coach that a clubs coaches were not sufficiently helpful. Coaches may be asked to work with athletes from other clubs from time to time.

2. **Development Camp**
The GNL Development Camps will be offered in the summer only. It will be used in replacement of Future Stars and Advanced Training Camps when numbers and levels in a program fall outside the guidelines for these camps. In situations where both the Future Stars and Advanced Training Camps are full, an additional Development camp can be offered to allow athletes who do not qualify for the other camps to have an opportunity for development. Registration will be to a maximum of 24 athletes.

   i. **Eligibility**
   - **Level:** Athletes not identified/invited to Future Stars or Advanced camps
   - **Age:** turning 10+ in the year of the camp

4. **Future Stars Camp**
This development program was designed to target younger athletes who show promising physical and technical abilities in gymnastics. There will be two camps a year (a summer camp and a winter camp).

MAG Requirements

Skills: Under review
Physical Testing: Under Review

Letters of congratulations will go to the clubs explaining that they have earned Future Stars spots and will be notified later as to when the camp will be held.

Once a club registers athletes to a camp, if after the registration deadline they want to replace an athlete with another athlete, the $25.00 late fee will apply.

If an athlete attends the summer camp who it becomes obvious did not complete/meet the physical standards a warning will be given to the club and then a penalty will apply if the same results at the following physical testing (ie: loss of berths in the following year)

If a club cannot fill all their awarded berths by the registration deadline, berths will be reallocated to the next club(s) in line if timelines permit.

A “development berth” invite will be given to clubs who have earned no berths to the camp but have athletes competing in the levels identified for placements.

For Future Stars Camps, Clubs who earn berths, and have athletes registered, will receive funds from GNL to help in the costs of sending a coach or coaches. Funds allocated will be $30.00/day for every 5 berths a club has. If no coach(es) attend from the club, the funds will not be allocated.

5. **Advanced Training Squad & Camp**
   
   i. **The Advanced Training Squad**
      
      The advanced training squad works on a 4 year cycle. Its purpose is to identify gymnasts of a specific age on whom to focus attention.

      Letters inviting athletes to the GNL Advanced Training Squad are sent to the athletes home club for distribution. It is ultimately the decision of the athletes’ coach’s to whether an athlete is ready for the opportunity and receives invitation. Athletes accepting the invitation will be required to sign a commitment form.

      Acceptance of a position on the Advanced Training Squad does not guarantee athlete(s) a berth to the GNL Provincial or CWG Team.

      The number of allocated spots on the training squad will change periodically and athletes may be added or removed at any time.

      Advanced training squad activities will take place at varying times throughout the year (activities may be scheduled during school hours, regular club training hours, holidays) and could take place at varying places around the province.

      Athletes and their coaches will be expected to work with gymnasts, coaches and officials from other GNL clubs and will be expected to display a high level of sportsmanship, work ethic and positive attitude.

      Athletes and their coaches must show commitment to continually improve physical conditioning, skill level and provincial team building. Athletes must maintain a consistent level of performance at training, testing and competitions to maintain their position on the GNL Advanced Training Squad.
Athletes must participate in all required activities and events (training camps, testing sessions, travel competitions, meetings, etc) to maintain their eligibility on the GNL Advanced Training Squad. They are expected to attend all activities to help build relations and team atmosphere with the other identified athletes and coaches.

Should any identified athlete be unavailable to attend an activity, notification must be received in advance of registration deadlines in writing. Only athletes with an acceptable reason will be excused from planned activities (acceptable reasons: family travel out of province that was booked prior to notification of activity, personal crisis, death in family). Failure to notify GNL will result in a warning. A second infraction will lead to removal of identified status from the GNL Advanced Training Squad.

GNL must be informed immediately if an identified athlete is injured or ill, has any major change to their training schedule or any change to their intentions to remain with the Advanced Training Squad. Notification must be in writing. For illness and injury, a doctor’s note must be received. Failure to notify GNL of the above items will result in a warning. A second infraction will lead to removal of identified status from the GNL Advanced Training Squad.

Being identified to the Advanced Training Squad entitles these athletes to such things as access to additional training, activities (ie: Provincial Training Centre) and funding (could be related to CWG). It ensures extra resources are provided to those most likely to qualify and excel at competitions such as Easterns and Nationals (CWG).

The EADC identifies a number of athletes to this squad based on competitive results from the competitive year. The athletes invited to the advanced training squad may change year to year based on athletes changing levels during the competitive season and retiring from the sport.

The EADC may reserve the right to invite any age eligible outstanding gymnasts to the training squad at any time. This invitation would be for exceptional circumstances:

- An athlete who has an outstanding performance at physical abilities and/or advanced skills development during camp.
- Video review (only one video per club will be accepted) Athlete must show they can attain 90% of the listed standards for the given year

The EADC may also remove a gymnast from the advanced training squad at any time, such as for disciplinary reasons, non-commitment, or injury (temporary removal).

a. Selection

Being named to the squad is to be considered a privilege

In the first year of the cycle, 16 athletes will be named to the training squad for Artistic. The squad will reduce by 2 in each following year to a minimum of 12 for Artistic. For TRA, a maximum of 6 athletes per gender will be identified.

The selection will be based on the following criteria.

Considering gymnasts of a specific age registered with GNL from the competitive season, gymnasts are selected in the following order until all spots are filled. If there are less eligible athletes then the stated number, no additional athletes will be added to the squad.

- Female and Male National level gymnasts (WAG: HP, JO10, JO9, Aspire; MAG: HP, National Open, Elite 4, Elite 3), who have attained the AA qualifying score at a recognized GNL Provincial Team event.

b. **Age Eligibility:**

c. **Physical Abilities:**

During Physical Abilities sessions, gymnasts attending must be accompanied by a club coach. Testing events will be carried out by independent evaluators. All members of the Advanced Training Squad are required to attend Physical Abilities Sessions. Additional age eligible gymnasts may attend as well on discretion of their club. If a non-identified gymnast performs exceptionally at a testing session (places in the top half of the training team’s results), the EADC may consider adding him/her to the training squad. Any athlete not on the training squad who attends a summer physical testing and places in the top half of the named squad member results will be automatically invited to participate in the winter camp.

The physical testing will be based on the below:

b. Canada Winter Games

Any age eligible athlete who is not part of the identified training squad and wants to compete at CWG Trials, must submit a request to the appropriate Technical Committee.

Athlete coaches will be present to observe while results are being reviewed before naming the final team. Tabulation of results and naming will be done by the GNL technical director in consultation with the identified guest coach for the cycle. If more than one guest coach was used during the cycle, the guest coach who was used the most will be consulted. If all guest coaches were brought in an equal amount of times, the one used closest to trials will be consulted. In the event the identified guest coach is unavailable the Chief Judge from trials will be consulted.

No results are considered final until after the conclusion of the entire set of trials competitions because of the combination of averages and percentages. GNL has the right to adjust any score on the recommendation of the chief judge of the competition(s) up to the naming of the team.

Once the final team is selected, the athlete’s personal coaches will be kept involved with training activities up until departure to games. Once selected to the final team, athletes will be expected to train together bi-weekly. Failure to attend mandatory training and/or travel meets once named to the team will lead to removal from the team, unless notified ahead of time with an acceptable reason.

Athletes falling into the top 3 from video review will have the ability to be added to the team as long as they can show readiness to compete a month out from games.

Up to 6 athletes are selected per team. Alternates are also named.

No changes to the below selection criteria to happen 12 months prior to CWG.

**Men’s Artistic:**

iii. Substitution
It is GNL’s directive to have the best teams possible therefore GNL expects member clubs to make decisions in the best interest of the Province. When an athlete is not prepared to compete, member clubs need to be accountable for disclosing this as quickly as possible so that another athlete can be notified to fill a position.

a. Illness & Injury

Before Competitions and/or Training Camps:
In the event of illness or injury to the athlete prior to competition and/or training camps, the illness or injury shall be substantiated by medical documentation at the time of illness/injury with an indication, by the physician of when the athlete will be ready to return to training & compete.

Prior to a CWG selection competition, a petition complete with medical support documents from the athlete’s physician must be submitted to GNL - deadline as of 1 hour before the start of general warm-up of the appropriate selection meet.

Documentation is to be submitted to the appropriate individuals (GNL office/team manager) within 48 hours. The ill or injured athlete shall cease to be a member of the team if they are unable to return to training and/or compete if clearance for return to competitive action is after the deadline date set by GNL – the petition for illness/injury will not be approved.

The next athlete in line, by approved qualifying score, will be substituted if the injured athlete is not able to return to training and/or compete according to the competition rules and only if travel arrangements can be made so that the substitute can travel with the team. The difference in the cost of travel for the substituted athlete, above any team funding will be the athlete’s responsibility.

Medical documentation must be received within 48 hours of the illness/injury. Should a petition be received after the 48-hour deadline it will not be approved by GNL.

During a CWG selection competition, the petition must be received within 48 hours after the injury/illness occurs. Should the injury/illness occur during either of the selection meets, GNL shall be notified by the completion of the meet if a resultant petition will be forthcoming.

The team selection process will proceed, after the meet results, pending inclusion of the forthcoming petition documentation. Medical documentation shall include approximate date of return to training and clearance to return to competitive action by a deadline date determined by GNL. If the clearance is later than the deadline date the petition will not be approved and that particular athlete’s scores will not be included in the final pool. The athlete shall cease to be a member of the team. Upon approval of the petition, the athlete’s score from the meet they participated in will count 100% towards the final scores used for team selection. If the athlete competed on only specific events certain competitions then their scores will be averaged.

If the injured/ill athlete cannot return to training/competitive action by a deadline date determined by GNL the athlete shall cease to be a member of the team.

There will be two mandatory coaches identified to be on the floor with each group.    2. School Aged Programs
      i. Can Gym
         This is a recreational based program developed for participants of all ages. It is to provide a badge based, skill development program for Canadian gymnastics clubs and to provide resource material that complements the NCCP level 1 and 2 gymnastics curriculum. This program is currently under revision by GCG.
   3. Adult Programs

      The Kids CanMove program was developed by Gymnastics BC in 2005. It was developed for integration into elementary schools. It enables teachers to safely teach gymnastics and provide students with physical literacy, confidence and the basic tools for lifelong activities, health and wellness. Once the program is adopted a certified Kids Can Move instructor will come to the province to certify instructors. Schools and teachers can then register with GNL to use the program.
   3. Foundations for All
      This program has been designed with the ultimate goal of providing wide and unlimited access to the tools needed to deliver vital programs for children and youth geared to complete physical and motor skill development. The objective of this program is to increase physical literacy in our children through a variety of approaches throughout the province.

E. Special Olympics
Currently gymnastics in the Special Olympics is Rhythmic only; however, there are discussions through GCG to move into Artistic programming as well.

F. Display Teams
   1. Guidelines for Performances by GNL Sanctioned Display Teams
      GYMNASTICS is an artistic sport viewed objectively on technical merit and subjectively when one considers that the “total look” is also a measure of the gymnast’s quality of performance. Hence, as an integral part of the performance; presentation, focus, discipline, tidiness and organization is essential.

      Athletes traveling with GNL Sanctioned Display Teams must adhere to the athlete protocol guide

   2. Gymnaestrada
      Information to be determined

G. Birthday Parties
   GNL member clubs can host birthday parties but must follow the protocol as outlined in the 2010 GNL birthday party guide (under separate cover).

The sport is co-ed, inclusive, low impact group-oriented. Suitable exercises are available for all skill levels and age groups.

J. Alternate Programming
