

EWING DAM PUBLIC SAFETY NOTICE

Trinity County Waterworks District #1

Posted April 30, 2026

This notice is being provided as part of public outreach for the Ewing Dam Emergency Action Plan (EAP). Its purpose is to inform residents and customers that emergency notification procedures are in place if a dam-related emergency occurs.

If a dam emergency occurs

- Emergency notifications and evacuation instructions will be issued by Trinity County Office of Emergency Services (OES) and/or the Trinity County Sheriff's Office.
- Residents and customers in potentially affected areas should follow all emergency instructions issued by those agencies.
- Trinity County Waterworks District #1 does not issue evacuation orders.

Additional information

Trinity County Waterworks District #1 may post dam status or general emergency information on its website and may also use customer bill messaging or other available notice methods to support public outreach.

Questions

For questions regarding the Ewing Dam Emergency Action Plan, contact Trinity County Waterworks District #1 at (530) 628-5449 or visit www.trinitycountywaterworks.com.

This notice is for public awareness only and does not replace official emergency instructions from law enforcement or emergency management agencies.
