

WATER SERVICE & SEWER SERVICE APPLICATION

DATE: ____/____/____

Name of Applicant: _____

Mailing Address: _____

Location of Residence: _____

Telephone #: _____ **Email Address:** _____

Date Water & Sewer Service Requested: ____/____/____

Owner: ____ **Renting:** ____ **Name of Landlord:** _____

=====
Deposit Received: \$ _____

Date of Deposit: _____

Receipt Number: # _____

A \$100.00 Customer Deposit is required before water service is turned on to a residence where the applicant is a renter prior to applicant moving in. In addition to the customer deposit for water service, there will be a \$100.00 customer deposit if your residence is within the water/ sewer district and sewer services are available to the property. If an applicant has a bad debt from an account(s) which was closed, the bad debt amount in addition to the \$200.00 deposit will have to be paid in full before water service is turned on to the residence.

If a customer moves to another residence within the water district, the \$200.00 customer deposit will be transferred to the new residence. Any amount owing on the current account will have to be paid in full.

If a customer receives a 24-Hour Disconnect Notice and does not pay the amount due, water and sewer services will be discontinued and a \$25.00 Turn On Fee will be required in addition to the amount due. When a customer requests their water and sewer service be terminated, the balance on the account will be deducted from the \$200.00 customer deposit and any balance remaining will be refunded to the customer.

If an account is in the property owner’s name and is past due, the total amount will have to be paid in full before any new account can be established and any water service approved to the residence.

If you are in the water/sewer service district but sewer service is not available to the property, the customer will only have to pay the \$100.00 deposit for water service.

=====
I understand and accept the requirements stated above in order to receive water & sewer service from the Trinity County Waterworks District #1.:
