Instructions for Use:

Print all pages and insert into page protectors to create a reusable binder of activities. Pages can also be cut or folded in half along dotted line, and inserted into 5x7 size page protectors to create a workbook with one letter per page.

For extra fun give your child a small toy vehicle that they can "drive" on the letter roads. Show them where to begin and end on each letter so that they "drive" in the same direction that they should write.
