## Instructions

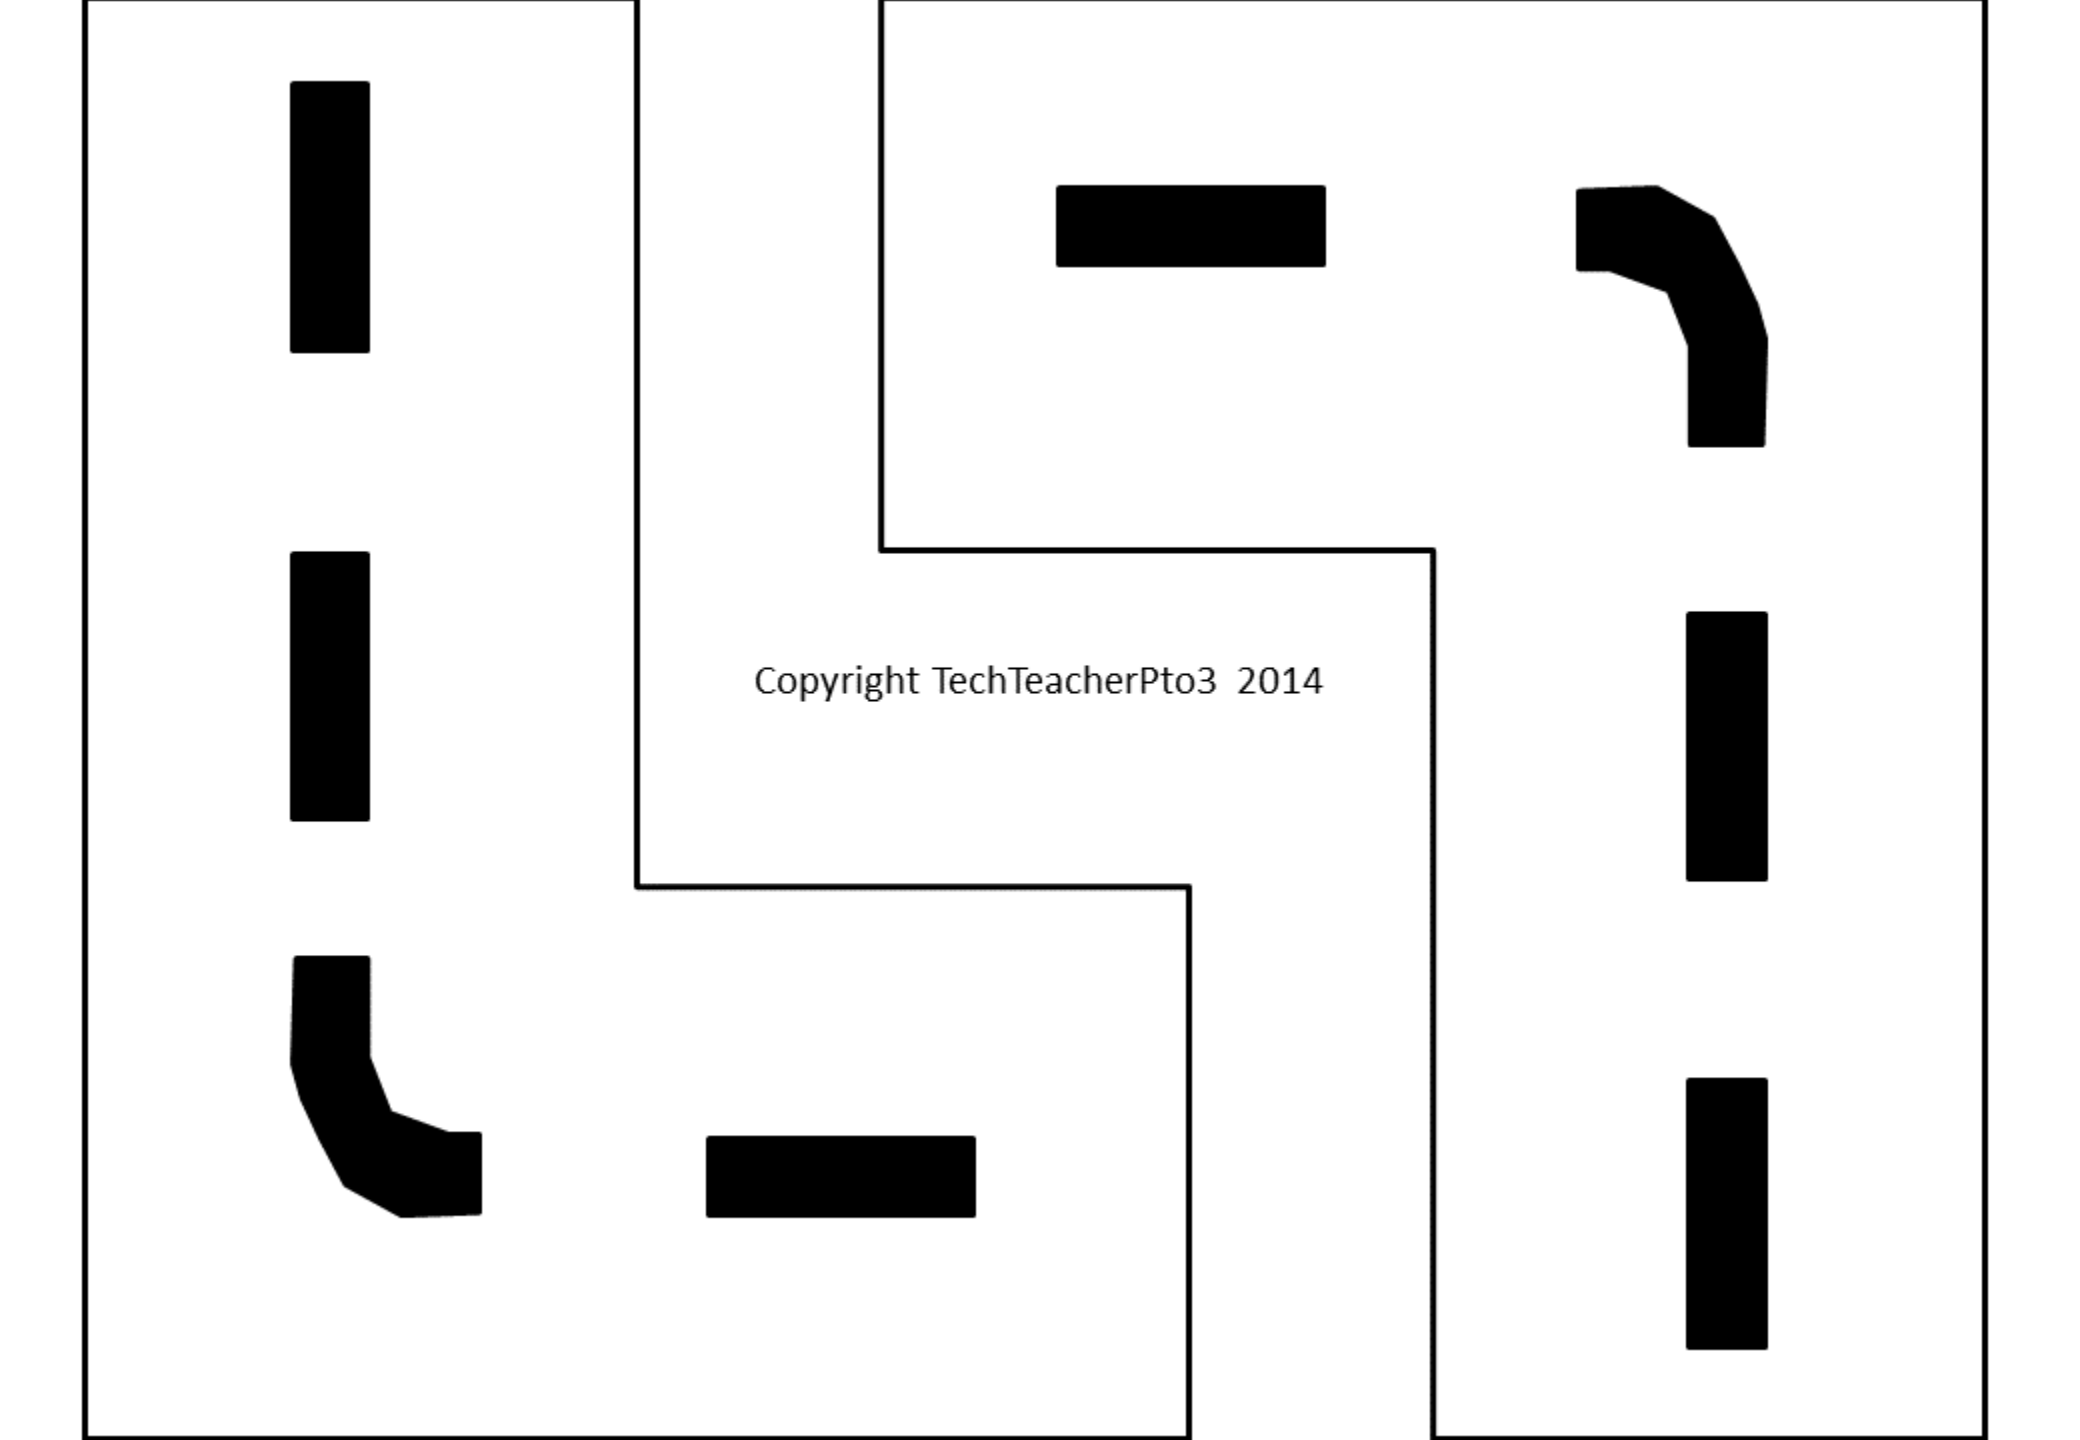

I created these little printable roads to use in our Geography lessons.

Print, laminate and cut the roads (I have included black and white as well as the reverse so you can use which ever options suits your ink requirements).

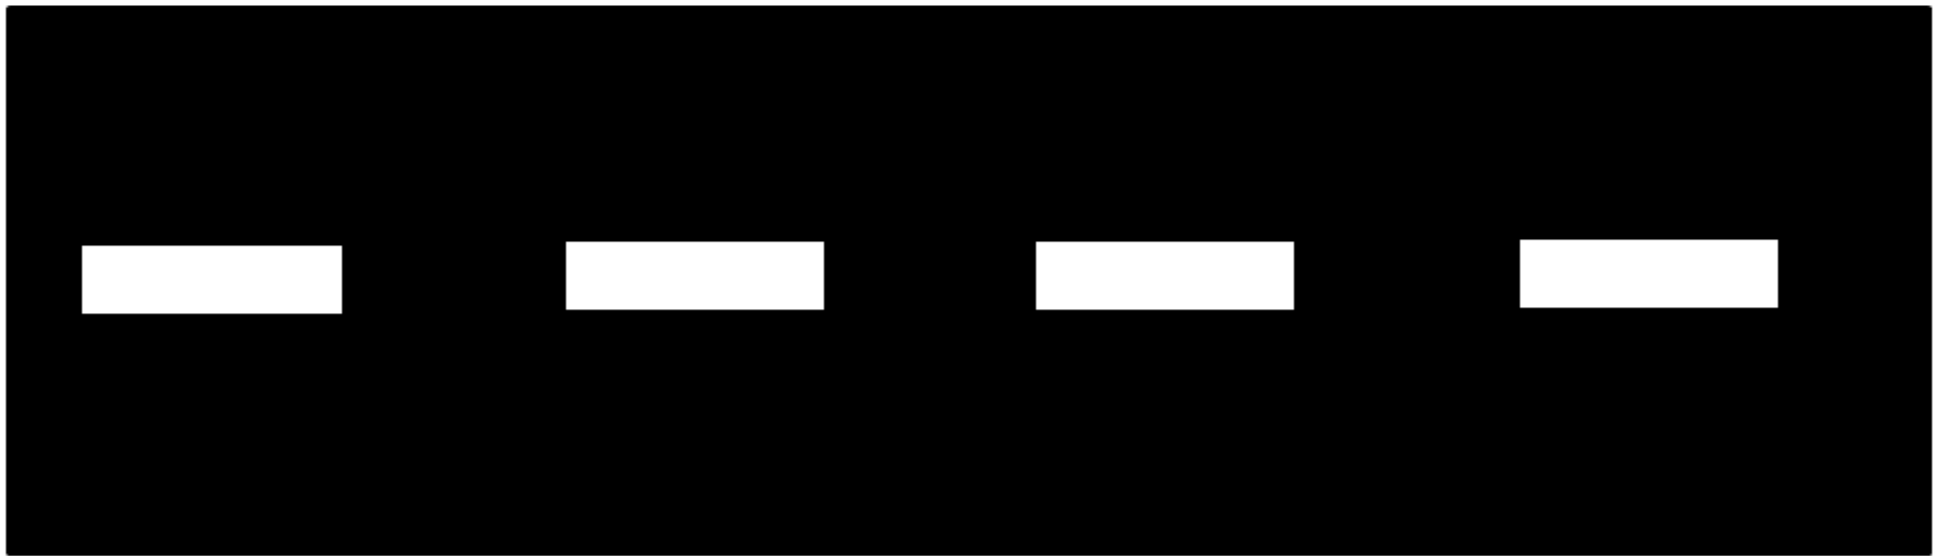

I then printed copies of the little houses, shops and buildings (available free at [http://www.parents-choice.org/article.cfm?art\\_id=254](http://www.parents-choice.org/article.cfm?art_id=254)) and let students decorate and fold them. I gave students a bag of printed roads and left them to it. Once they had created their town I asked them to then add as many 'geographic features' as they could to enhance the town.
