

Syllables ~ Sample Set

Clip Cards for Independent Practice

Directions:

Print on heavy cardstock, cut, adhere self-correction tabs to back of cards, and laminate. Or apply stickers of your choosing to backs of cards (behind correct answer) to mark instead of included tabs.

Children determine the answer, mark with a clothespin, and flip the card to check their work. The use of clothespins or clips help strengthen the pincer grasp. You can use dry-erase markers or counters if you prefer.

Thank you for sampling! I hope this product meets your needs and expectations. Your rating and feedback is appreciated and earns TPT credits toward future purchases.

Thanks! Sharon

Print, cut, and adhere
to backs of cards
(before laminating) for
self correction.

Note:

Words were broken into
syllables and hyphenated
according to the Oxford
Dictionary. Various online
dictionaries and syllable
counters all agree. However,
the Merriam-Webster online
Dictionary disagrees with
unicycle, specifying that it is
3 syllables: uni•cy•cle
(included last for use if that is
your preference)
