PUP OF THE MONTH

MILO!

If you've ever stepped into our Crown Hill location on the right day, you've probably heard Milo before you've even seen him. This gorgeous, screamingly handsome boy has been part of our family for years, and every single visit is an absolute treat for us. Milo isn't just a daycare regular—he's a full-blown personality.

From the moment he walks through the door, he's chatting up the staff, letting everyone know exactly how his day is going, and sprinkling in a little bit of that signature Milo sass. He has this way of tilting his head just so, giving you a look that says, "I know I'm cute—what are you going to do about it?"

Over the years, Milo has been a constant source of joy for our team. Whether he's supervising the playroom from the very top of the playsets with his dramatic commentary, or strutting his fluffy self around like he owns the place (which, let's be honest, he kind of does), he's the epitome of charm. His soft coat, his expressive eyes, and his over-the-top personality make him unforgettable.

Milo, thank you for bringing your spark, your silliness, and your fabulous self to Crown Hill all these years. You're not just our Spotlight Pup of the Week—you're one of the all-time greats. ♥
