PUP OF THE MONTH

NAJA!

**Nigeria, Naja, Naj —
our biggest baby is our Pup of the Month!**

Naja has been part of our Pups-A-Daisy family since she was just a tiny ball of sass waddling through the Lynnwood doors for the first time. Fast forward to today, and she's, well... massive, though don't tell her that, she's convinced she's still lap-sized.

Naja is everyone's best friend and toy destroyer extraordinaire. Whether she's zooming around with her buddies, flashing that signature grin, or turning any toy into confetti, she does it all with pure joy. Her big heart and even bigger personality make every day brighter, and we couldn't imagine the pack without her.

We love you, Naja! Thanks for growing up with us (literally) and reminding us that the biggest pups have the softest hearts
