PUP OF THE MONTH

MISCHIEF!

Introducing Her Majesty, Mischief—though her loyal subjects know her by many names: Miss Chiff, Chiffy, Queen. From the moment she first arrived at our Lynnwood location as a bright-eyed 16-week-old pup, she has ruled our hearts with sweetness, sass, and undeniable charm.

Her Majesty's reign has been nothing short of dazzling. Mischief delights in showing off her ever-growing wardrobe of fabulous pink accessories, each one perfectly fit for a queen. She has a special way of choosing her favorite handlers for the day, showering them with her signature royal flying hugs—a joyful leap into your arms that feels more like a blessing than anything else.

Though her title may sound lofty, Mischief rules not with formality, but with love. She brings laughter, comfort, and a touch of sparkle to everyone she meets, reminding us daily why she's become such an irreplaceable part of our Lynnwood family.

So here's to you, Queen Chiffy—thank you for letting us serve in your kingdom of cuddles, sass, and pink perfection! 🍰💖🐾
