

## OKUMA MULTI TASKING MACHINE - EX STOCK GERMANY

Intelligent Multitasking Machines

### **MULTUS BII series**

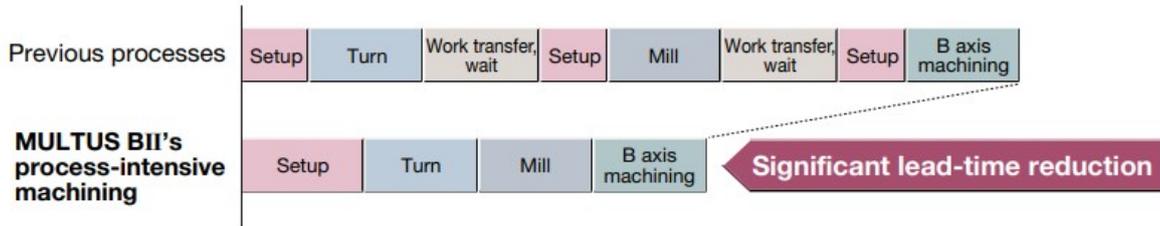

**MULTUS B300II.**

## Lathe, vertical or horizontal machining center, and material handling operations consolidated into one machine...

Shorter deliveries and more effective use of floor space, plus fewer setups and operation with fewer workers, result in better process control and greatly reduced total cost.

## Process-intensive machining of complex shaped workpieces

Abundant lineup handles a wide range of workpieces.
