To All Potential Strategic Partners, Funders, et.al.
Of the Alopecian Beauty Company

Good Day!

This letter is being presented in strong support of Monee' Sanders and her organization, Alopecian Beauty Co

My name is Sidney Wormsby and I am a Business Growth and Improvement Coach. I have been working with Ms. Sanders in her role as Founder and President of the Alopecian Beauty Company. I have found Ms. Sanders to be a visionary leader with a strong entrepreneurial spirit. She has the ability to create a clear picture of the organization's future and strategic objectives to her staff and to those she is seeking as partners with her company. Her entrepreneurial spirit is reflected in her determination to overcome obstacles and to be creative in identifying resources to assist her in her mission. Her personal background provides her with a strong connection to the issue of medical hair loss and an even stronger commitment to identifying solutions for treatments and support for those who are dealing with the condition.

Additionally, Ms. Sanders has strong interpersonal skills and builds solid business relationships by seeking "win-win" solutions. She has good planning and organizational skills and consistently meets her deadlines.

Monee' Sanders is a leader that I support as a potential business partner with your organization.

If you have any questions or need any additional information, do not hesitate to contact me.

Sincerely,

Sidney Wormsby
Business Growth and Improvement Coach
