

AD16-80 Manual Cartridge Gun 8oz

Product Description

The AD16-110 is a robust and lightweight manual hand applicator gun for use with industry standard 10oz (310cc) cartridges or pre-filled 310ml silicone caulk tube cartridges. It will provide controlled deposits, reducing hand fatigue and material waste.

Typical Applications

The AD16-1100 will dispense most medium to high viscosity adhesives, sealants, silicones, pastes, gels and epoxies. Will provide a controlled application of material without material mess.

Instructions For Use

1. Pull metal plunger rod back from the rear of the gun ensuring the loop is face upwards.
2. Unscrew the metal cartridge retainer. Insert a cartridge and re-attach to handle on gun by twisting into place.
3. Turn the steel rod with loop facing downwards.
4. Squeeze the trigger to move the rod forward.
5. When the trigger is released, the rod moves back slightly to reduce the effects of dripping or oozing.
6. Use standard nozzles or a cartridge tip adapter fitting and standard needle tips.

Technical Information

Cartridge Size:	10oz (310cc/ 310ml)
Colour:	Black/ Silver Gun
Weight:	450 gram (without cartridge)
Construction:	Nylon, Steel, Aluminium

Options

The AD16-110 is also available with a full component kit (part # AD16-110-KIT). This kit includes 10 x 10oz cartridges, 10 x plungers, 10 x selected nozzles, 10 x luer tip adapters, 20 x assorted needle tips.

Warranty

The AD16-110 Gun is provided with a 12-month warranty against product faults, failure and defects.

Health & Safety in Use

The AD16-110 is safe and hygienic, reducing risk of operator contact with the materials being dispensed. This gun fits comfortably in the hand for use over long periods of time which minimises the risk of repetitive strain injury.

Benefits

- Lightweight materials
- Handles most sealants, pastes and silicones
- Accepts industry standard 310ml cartridges
- Robust material construction
- Fully portable product
- Light squeeze for beads and lines
- Low maintenance design
