THE LUXURY OUTDOOR FURNITURE

Whether be it the cool evening breeze or the warm winter sunshine; there's always a charm in sitting outside under the sky. We understand that and help you relish it with our extensive range of patio furniture. While you savor your meals or sip on to a cup of warm tea, we make sure that your comfort is well taken care by the furniture you select.

You name it and we have enough variety for you to take your pick from; right from the basic seating chairs to swing and hammock chairs. At the same time, we also provide ideas on beautifying your patio with lighting, planters and accessories to enhance your surroundings with a sense of personalization and comfort.

Our presence in the industry of outdoor furniture has been quite old in India; we have introduced the concept of stylish yet comfortable outdoor seating. So, go ahead and explore the wide range of outdoor furniture while we keep adding more to the collection.

"Feel of oneness & comfort under the sky"

THE CRAFTNETICS brings to you the topmost niche quality and unmatched styles for your outdoors. It has provided its customers profound satisfaction and comfort when it comes to outdoor wicker furniture. You can take your pick from tea or dining sets, pool side loungers, day beds or swingers to enjoy the environment with comfort and panache.

VISION

To provide our customers the utmost quality seamlessly blended with unique innovative ensured with warranty to the products.

MISSION

To be unceasingly committed to bring urban design furniture at genuine prices to our customers and at the same time catering the outdoor market with our global designs.

OUR VALUES

Quality: Delivering the quality we promise and maintaining that class of our brand for over two decades.

Respect: We value our clients hold them in high esteem, the reason why we go that extra mile to understand their requirements.

Teamwork: We are strong believers of working together as a team with focus to get the desired result and give shape to our projects.

Timeliness: We understand that every second counts, realize the importance of our time and believe in sticking to deadlines.

Leadership: Taking head on initiatives and being the forerunner in giving our clients new innovations from time to time is what we take pride in.

All over the world our mission is the same – to make life comfortable and add value to life and the places where you unwind and relax. We are constantly focusing on quality, innovative technologies and comfort in both products and life to ensure that our furniture is made with the greatest care for the environment and the well being of people.

The Craftnetics outdoor collection is designed and manufactured with the purpose to have a comfortable outdoor living lifestyle. The all-weather furniture offer maximum comfort and minimal maintenance.

The Craftnetics indoor collection is the essence of light simplicity. A vibrant and living collection of designs based on functional, timeless and socially responsible principles.

The Craftnetics Elements is a multi-functional collection of products for indoor and outdoor with maximum flexibility. All unique designs can be used both outdoor and indoor

Comfort is our core value. Our core value is comfort in all aspects of our furniture. We have used countless hours developing and choosing the right designs, technology and materials. Comfort for us is how well you sit or lay, how smooth our furniture functions, the very low maintenance, our Quick Dry system, the easy cleaning and the long lasting materials. The Craftnetics designs can be used all over the world and under any climatic conditions. The strong frames, UV-resistant materials and quick drying cushions can stay out in glaring sun, pouring rain or frost. Our mission “life made comfortable” is total comfort for you.

The Craftnetics products are manufactured with the greatest care for our environment and the well-being of people. We believe that responsibility goes beyond the design and production of furniture. Our production is committed to a sound environmental policy and an ongoing focus on improving working conditions in the countries in which we operate.

This means that no child labour is allowed and that wage levels are fair and in accordance with local legislation. In addition, we are very conscious about the consumption of resources, about recycling and the cleaning of wastewater. These standards apply to both us and our suppliers and we continually strive to improve conditions in their factories. Our corporate conduct and activities have earned international certifications submitting us to external control on an ongoing basis. This is your guarantee that we are committed to safeguarding people and the environment.

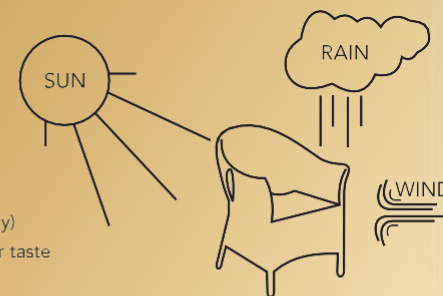

Quality. It's an obsession for us-the quality of our designs, materials, craftsmanship, service, even the quality of our lives. Whatever we do, it has to be the best, starting with our fiber.

INNOVATION REVOLUTION IN OUTDOOR LIVING

The story begins with a pioneering idea and an inspired vision. The idea - to create high-end woven furniture using a sophisticated synthetic fiber, weather-resistant and aesthetically refined - revolutionized the outdoor market. The vision - of outdoor living rooms furnished with the same attention to looks and luxurious comfort as those inside the home - has changed the way we live outdoors, enabling people around the world to enjoy more of life's precious moments together under the open skies.

The Craftnetics Weave

MATERIAL

The Craftnetics Weave is a fibre made from highly durable, solution-dyed polyethylene (PE), which is ideal for outdoor use, because it withstands moisture and large variations in temperature. Both the structure of the fibres and the weave ensure elasticity and optimal sitting comfort. The durable material is UV-resistant and requires minimal maintenance. The Craftnetics Weave has been developed to withstand climate conditions all over the world and the material will retain its colour and shape for many years. All products are hand-woven with the The Craftnetics Weave fibre, which can vary slightly in colour, creating a nice contrast in the surface of the weave. This gives the furniture a unique, natural and exclusive look.

MAINTENANCE & CLEANING

Because the product is used outdoors over extended periods of time, regular cleaning with a soft brush and soapy water is important. This ensures the removal of superficial soil and debris, such as leaves, berries, pollen and bird droppings, before they have a chance to build up and become more difficult to remove.

Alternatively, the product can be cleaned with a high-pressure cleaner set at moderate.

The Craftnetics Tex

MATERIAL

The Craftnetics Tex is a coated polyester material, which is ideal for outdoor use and requires minimal maintenance. Cushions made from The Craftnetics Tex come with a Quick Dry Foam core, ensuring maximum drainage and air circulation. This allows the cushions to dry faster after having been exposed to rain and moisture. The Quick Dry Foam core also has an anti-bacterial protection, reducing the risk of mould and mildew forming on the cushion.

MAINTENANCE & CLEANING

Because the product is used outdoor over extended periods of time, regular cleaning with a soft brush and soapy water is important. This ensures the removal of superficial soil and debris, such as leaves, berries, pollen and bird droppings, before they have a chance to build up and become more difficult to remove.

It is important to place your cushions in an upright position when not in use. This ensures optimum drainage, thereby minimising the risk of mould and mildew. The anti-bacterial protection in the cushion core is most effective with correct drainage of the cushion.

Please note, that despite the anti-bacterial protection, mildew can still form between the inner and outer covers, if the cushion is not properly drained or cleaned. In case of food or drink spills, wash the spot immediately with warm soapy water and allow the cushion to dry in an upright position. White Cane Lines Tex®: White furniture is more delicate and prone to staining and thus requires more regular cleaning.

REASONS TO BUY

- 100% quality
- Weather resistance
- Ease of Maintenance
- Design Innovation
- Environmental Friendliness
- 5 Year Warranty

100% QUALITY

We apply stringent quality controls at every step of our furniture production

WEATHER-RESISTANCE

THE CRAFTNETICS products are resistant against all weather conditions and UV exposure (our fiber is 10-years UV-tested).

EASE OF MAINTENANCE

Our products are maintenance-free and easy to clean.

DESIGN INNOVATION

We collaborate with some of the world's leading designers, involving them deeply in the R&D process, creating special fibers for them, developing new weaves and more. The result is an award-winning portfolio of innovative and exclusive designs available in an array of product categories, styles, colors and finishes.

ENVIRONMENTAL FRIENDLINESS

THE CRAFTNETICS sets the industry standard for environmental friendliness. Our fiber is 100-percent recyclable and sustainably manufactured, polluting neither groundwater nor the ozone.

5-YEAR WARRANTY

Under normal conditions of use, THE CRAFTNETICS Fiber and all THE CRAFTNETICS furniture made exclusively of aluminum frames and THE CRAFTNETICS Fiber (excluding cushions and glass) are covered by a five-year warranty against any manufacturing defect.
