CWC Tutor | Certificate in Workplace Concepts 2

(Certified Makaton Tutor)

Teach Makaton!

This CWC Certificate in Workplace Concepts is for people on the Tutor Pathway who have attended the 2-day Makaton CWC General User Workshop to learn the vocabulary to use the Makaton Language Program, who now wish to study and become a Makaton CWC Certified Tutor.

It is for individuals, professionals and organizations who are supporting, preparing or transitioning people, or creating and supporting accessible & communication-friendly workplace environments. It is also of course for those of you who wish to start to do this!

On completing and passing this CWC Tutor Pathway you are a Certified Makaton CWC Tutor and will be provided with the resources and materials to deliver

CWC Workshops wherever you choose, be this at work, within education, at home, or elsewhere. You also can pass on and impart the Concepts to those around you. You can become a member of the Makaton Canada delivery team, you can deliver Workshops for your own organizations or clients, or you can deliver your own private CWC Workshops.

It does not certify you to train other Tutors on the additional elements of the CWC Tutor Pathway.

To deliver CWC Tutor Workshops, you must be a Makaton Advanced Tutor. To continue towards Makaton Advanced Tutor status, contact Makaton Canada.
