The TAMKO Complete® Roof System

- TAMKO® products work together, building layer upon layer for superior protection. Enhanced limited system warranties require 3 to 4 TAMKO® roofing accessories to qualify.
- 160 MPH* wind rating requires TAMKO® starter and TAMKO® hip & ridge to complete a system for the enhanced limited system warranty.

‡ StormFighter FLEX® shingles are classified by UL for compliance with UL 2218 Class 4 impact resistance.

More Coverage More Confidence More Value

Upgrade Today. Secure Tomorrow.

HERE'S WHAT MAKES TAMKO'S LIMITED WARRANTIES STAND OUT:

Full Start* Coverage: The standard limited warranty already covers the cost of replacement TAMKO* shingles and labor if your roof leaks with some out-of-pocket expense.

Enhanced limited system warranties from TAMKO* Pro Platinum Contractors offer an **extension up to 50 years** for replaced products comprising a TAMKO Complete* roof system, including tear-off, removal and disposal with no related out-of-pocket expenses.

Workmanship Coverage: TAMKO MasterShield* Enhanced Limited System Warranties cover not just materials but also **contractor workmanship for up to 10 years**.

This means TAMKO will arrange to have a TAMKO Pro Platinum Contractor repair TAMKO Complete* roof system application errors that causes leaks or adversely affects performance.

Transferability: The enhanced limited system warranty can be transferred to the next homeowner **within the first 20 years**, adding value to your home and confidence for the next homeowner.

Accessory Requirements: Enhanced limited system warranties require certain TAMKO* accessories to be installed with TAMKO* shingles helping ensure that quality-made TAMKO* products are used in critical areas.

TAMKO's enhanced limited system warranties are eligible exclusively on qualifying installations that meet specific requirements. A description of the actual terms, conditions, exclusions, limitations and requirements of the relevant enhanced limited system warranty can be found at tamko.com/enhancedwarranty. TAMKO's standard limited warranty and enhanced limited system warranties supersede and control in the event of any conflict with any other statement concerning TAMKO's products and are the ONLY documents establishing TAMKO's obligations under its limited warranties.

An Investment in Peace of Mind

Why Upgrade to an Enhanced Limited System Warranty?

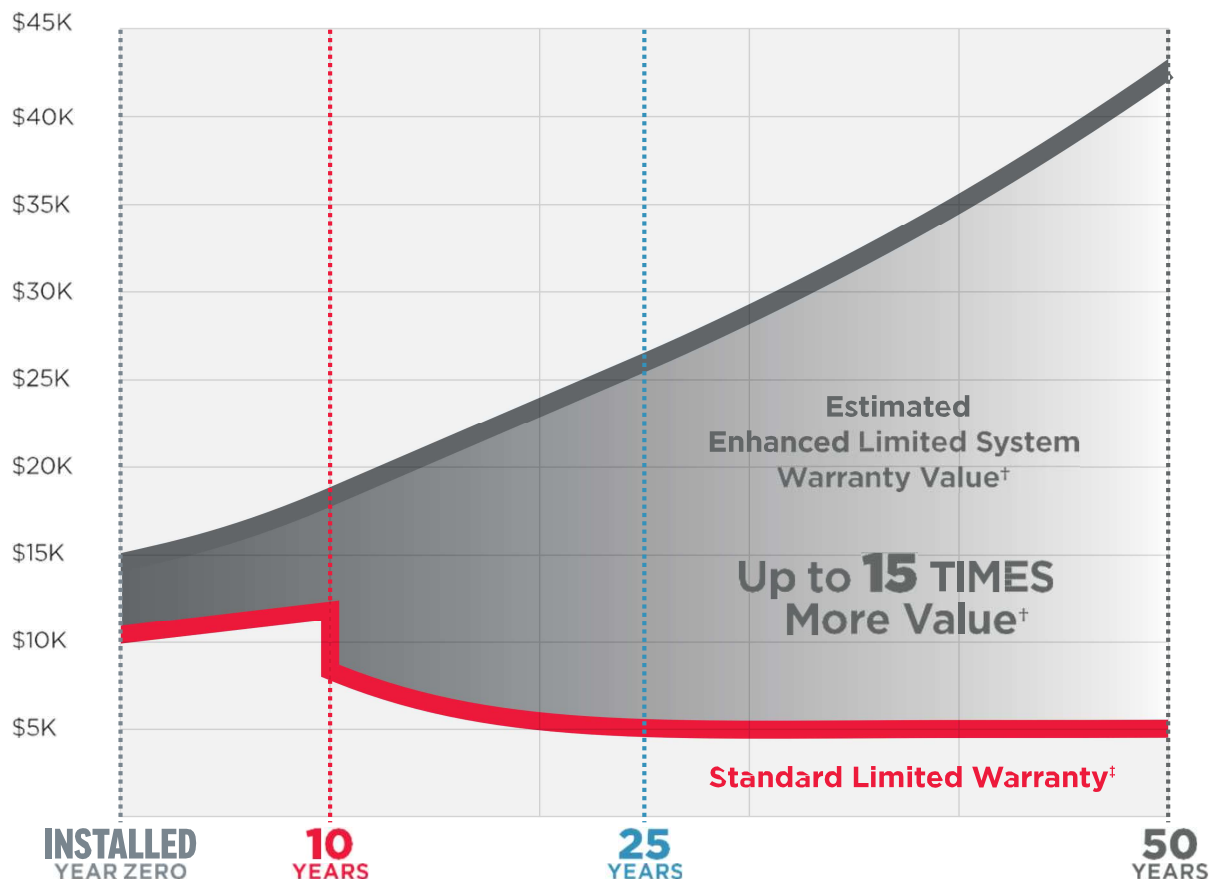

Your roof is a vital part of your home. TAMKO enhanced limited system warranties protect not only your roof but also your future finances. Here's how:

- **Covers the cost of a TAMKO Complete® Roof System:** Includes tear-off, removal, and TAMKO® roofing accessories not covered by a standard limited warranty.
- **Guard Against Inflation:** Roofing costs rise over time. TAMKO's enhanced limited system warranties provide coverage that adjusts for inflation.

A Wise Investment Today Could Save You Thousands Tomorrow

TAMKO MasterShield® Enhanced Limited System Warranties compared to TAMKO® Standard Limited Warranty

Imagine this: If replacing your roof costs you \$15,000 today, then in 25 years, that same roof could cost you upwards of \$25,000. With TAMKO MasterShield® enhanced limited system warranties, you may avoid paying those higher costs not covered by a standard limited warranty. It's like putting a cap on future expenses, no matter how much prices increase.

[†]Full replacement value of TAMKO Complete® roof system (shingles and qualifying accessories) based upon a 2.2% assumed inflation rate. Labor covered up to 25 years, pending enhanced limited system warranty level.

[‡]Replacement of TAMKO® shingles and labor (not including tear-off, removal and disposal) for the first 10 years only. After 10 years, labor no longer covered, and material pro-rata starts.
