"Slim Pickerel represents the music we love, which just so happens to be the hottest sound in the industry today, fusing country, indie rock and Candiana, underscored by rock solid musicianship. Their electrifying stage presence vibes with the audience every single time we' see them play! Clubs, festivals, doesn't matter. Slim brings it 110 every time, keeps them on their feet and leaves the crowd screaming for more. It's why we play them on "Outlaws and Outsiders" and why Slim Pickerel has all the makings of becoming the next big thing!"
