

CWRR Public Service Announcement
Ponderosa Pines Property Owners

Fire Fuel Reduction Initiative

Thanks to the **Community Wildfire Reduction Grant (CWRR)**, which was awarded to our community in 2023 by the **OSFM**, we are able to provide an onsite chipping service to help you create defensible space and become fire safe. This service is for defensible space creation around buildings.

THIS SERVICE IS FOR: Brush and branches generated from creating defensible space. It is **NOT** for large-scale land clearing projects.

LOCATION: Piles must be placed alongside a **commons area** or **along the side of the road** in front of your property for easy access. Do not block roads or driveways.

WHAT WE WILL CHIP: Branches and small trees with no pieces larger than 6 inches. If the pile contains any other materials your pile will be left behind.

PILE NEATLY: All branches must be stacked with the cut ends facing the same direction (towards the road).

Please call or email us to let us know if you want to participate in this service.
