

True pureness it is to this intense non fiction literature and photography portraying such divine natural surrealism. Lady's in the raw exquisite. This endeavor has so literally as well descriptively explained true romance of lust upon two particular individuals Lady and Mister, in which has taken Lady's desires to extremes that some never would comprehend. None the less it is Lady's increase of strength that sees her through such natural human lusting alongside Mister's significant attachment.

This novella is a first hand birds eye view of how infatuations of romantic fantasies, as well as intense arousal's leads from the first connections, encounters, to pain that always meets such sultry of the pleasures amongst them.
