

Making The World a Better Place

TRANSITIONING FOR THE FUTURE

World Standing Together

World Standing Together program started in the United States in 2001 as America Standing Together. Today our goal is to reach every Nation in the world and provide this model for economic stimulation.

Knowledge through access to the latest technology.
Prosperity through new job creation in energy, water, technology, and other green products.

Health by support green products and sharing of medical knowledge and support worldwide.

Spirituality by supporting all beliefs that provide peaceful coexistence.

Happiness by the overall change in the quality of life for all people.

Current Opportunity

- World Standing Together will start in the USA and extend the program worldwide.
- Today is no better time to focus on how all people can work together worldwide.
- The America Standing Together can easily dovetail into
“ World Standing Together Program”

Focus Areas

-
- Key focus points of WST (World Standing Together):
