

SIDE CAR

S I D E C A R

The Tidel Side Car, when deployed with the Series 4e, enables retail organizations to scale their note validation and deposit capability in a convenient, easy to use system. The Side Car adds two additional single or bulk note validators and supports standard or XL cassettes.

With both the Series 4e and Side Car deployed with XL cassettes, the system can support a total of 9,000 deposited notes.

The Side Car includes a note validator maintenance door, enabling pre-authorized personnel to clear note jams without the need for a service call, significantly reducing system downtime.

The Side Car also provides a manual vault drop below the acceptor door, offering additional storage. This manual vault drop is also accessible via user PIN.

SPECIFICATIONS:

Weight:	149 lbs. (68 kg) Side Car only 298 lbs. (136 kg) with Series 4e
Weight (XL version):	174 lbs. (79 kg) Side Car XL only 348 lbs. (157 kg) with Series 4e XL
Height:	30.75" (781 mm)
Width:	12.25" (311 mm) Side Car only 24.5" (623 mm) with Series 4e
Depth:	19" (483 mm) Side Car only 23" (584 mm) with Series 4e
