

## HOW TO READ THE RESULTS PAGES FROM TRIAL GENIE SOFTWARE

Diagram below with numbers relating to points.

1. The first line is in large bold lettering.
  - a. It begins with the **Date and Day** of the trial.
  - b. The **Class** for which results are being reported.
  - c. The **level** at which you are running your dog is identified. EX in the example is for Excellent. Others are MAS, PREM, NOV A, NOV B, OPEN, with preferred levels denoted with a P after the level – for example OPEN P.
  - d. Also along the top is a reminder that the results are not official until they've been reviewed by the judge. This can take some time depending on whether it is a one or two judge trial. Once they have been reviewed, labels may be printed by the score table.

2. The "Header" row:

**RO** = run order number

**Armband** = armband number – identifier for handler and dog

**Call Name, Handler** are pretty self explanatory.

**Placement/Q** = only placements for first through fourth are shown. The dog must have Qualified in order to place.

**Score** = 100 is a Q for Masters, minimum of 85 is Q for Q for Excellent, Open & Nov.

**Time** = time scored on course

**Sec Over** = second over standard course time (SCT found in the next row for jump height)

**YPS** = Yards Per Second the dog ran

**R** = Refusals

**W** = Wrong Course

**F** = Failed obstacle – non-completion or incorrect performance

**E** = Eliminated - team eliminated for any number of reasons

**T** = Table fault

**Total Faults** = total faults incurred in the run. Includes obstacle faults and time faults

**Tie** = box that, if checked, shows the dog tied with another.

3. Gray rows - Class Height, Yards of the course, SCT = Standard Course Time.
