# City Shelter Asylum Seeker Housing Report: Updates

Catholic Charities of the Archdiocese of Chicago  
Week 44 | Sunday – Saturday, Feb 11-17

- CCAC Outmigration Specialists are being trained this week in housing location and case management so they can support at shelters when demand for outmigration is low.
- Between 2/14 - 2/20 ComEd is implementing a system switch. We are looking forward to an update today from them on when they can move forward with service activation.
- Peoples Gas has experienced an uptick in service requests from outside the agency process and would like to connect with city and state partners to discuss.
- Please continue to share the [CCAC Landlord Interest](#) form! The latest list of available units our housing locators shared with case managers had 55 available units on it.

# City Shelter Asylum Seeker Housing Report: Updates

Catholic Charities of the Archdiocese of Chicago  
Week 46 | Sunday – Saturday, Feb 26 – Mar 2

- ComEd began processing the 150 activation requests CCAC submitted between 2/14 – 2/20. Due to technical issues with their new system, their rate of activation was slower than usual. CCAC received 40 activations last week but expects confirmation today that the remaining 80 accounts were activated, as ComEd planned to work over the weekend on the project.
- Support from IHDA on the number of pending applications per shelter and the expected amount of time it will take to process backlogs continues to be a need. The information will allow CCAC workers to recommend lease start dates with the expected delay times built in. Currently, IHDA will only accept applications if the lease start date is between 21 – 45 days in the future.
- Last week, CCAC's recent housing inventory list had 72 and 97 available units. Thank you for continuing to share the [CCAC Landlord Interest](#) form!

## ASERAP-ELIGIBLE HOUSEHOLDS ASSIGNED TO CCAC SINCE JULY 2023

# City Shelter Asylum Seeker Housing Report: Updates

Catholic Charities of the Archdiocese of Chicago  
Week 47 | Sunday – Saturday, Mar 3 – 9

- ComEd continues to work on the backlog of activation requests from 2/14 – 2/20 when their system was down. As of today, CCAC is waiting on 175 outstanding ComEd activation requests; 51 of which are from February.
- CCAC is working with DFSS to schedule Housing Location 101 info sessions which will be open to both ASERAP eligible and non-ASERAP eligible residents.
- Seven households at the Halsted shelter have signed leases that have not yet been submitted to IHDA. CCAC workers called the landlords to let them know there was a pause on rental application submission, but that they would be calling to get an updated lease start date as soon as we knew when IHDA would be able to accept the applications.
- The CCAC Housing Location team continues to outreach to LLs interested in the ASERAP program. Thank you for continuing to share the [CCAC Landlord Interest](#) form!

# City Shelters, Group 1: Clients have found leases; 53 households are awaiting move out

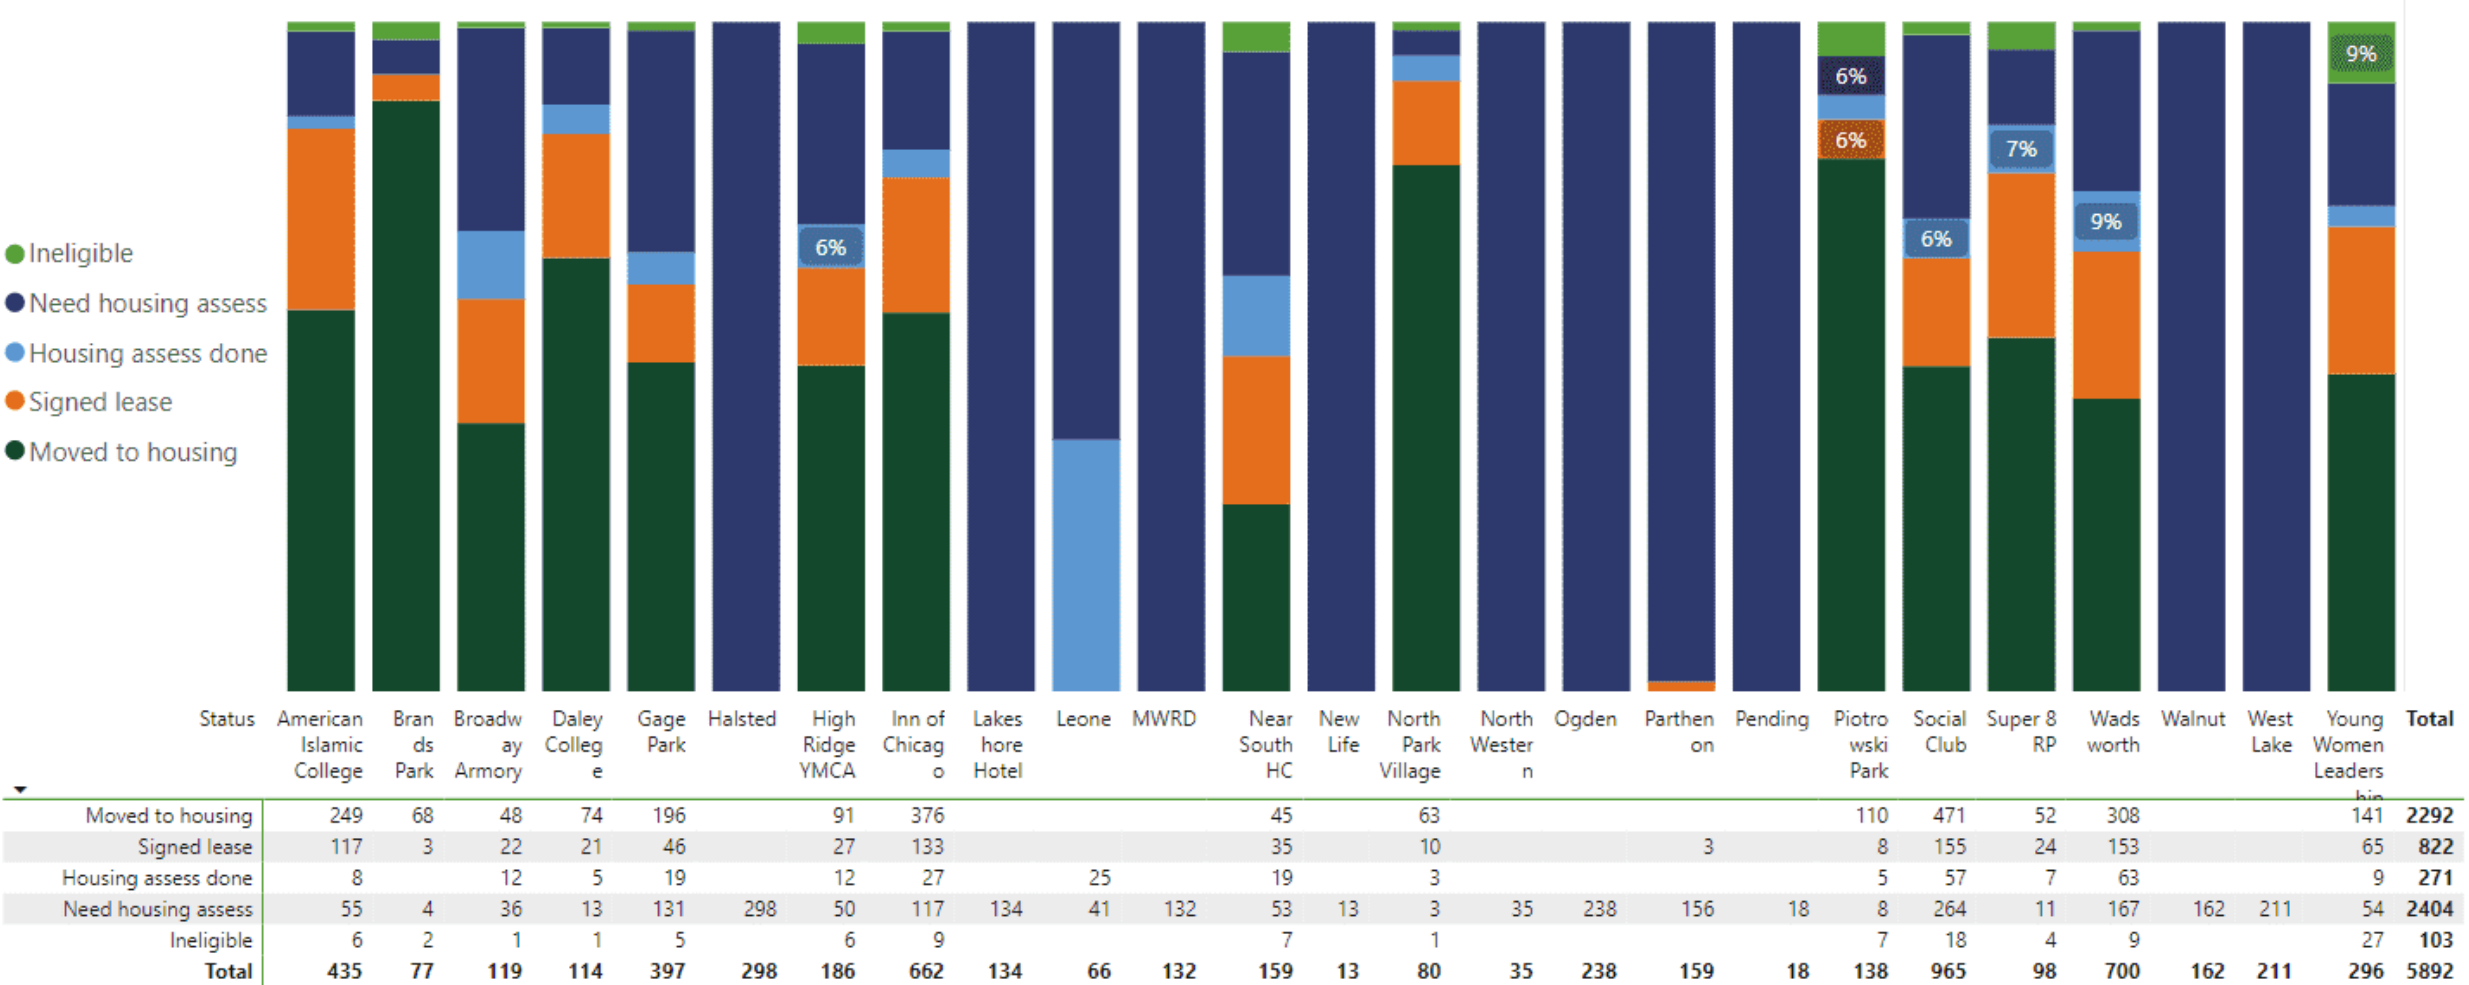

## HOUSEHOLDS ASSIGNED TO CCAC IN APRIL 2023

- Signed lease data is the unduplicated number of households with leases
- 4 households from this group have not yet signed a lease

# City Shelters, Group 2: All ASERAP-eligible clients have been added to caseloads

HOUSEHOLDS ASSIGNED TO CCAC SINCE JULY 2023

# City Shelter Asylum Seeker Housing Report: Updates

Catholic Charities of the Archdiocese of Chicago  
Week 39 | Sunday – Saturday, Jan 7 - 13

- A private donor gifted \$30k for basic needs for new arrivals. Catholic Charities is working with New Life to use the funding on sheets, blankets, and other household necessities.
- Beginning Jan 17, CCAC case managers will be onsite in all 24 shelters with ASERAP eligible residents. This week due to the holiday and weather they will be onsite Wednesday – Friday. All residents eligible for ASERAP are now loaded into our client system.
- On Jan 11 CCAC flagged for ComEd 424 requests pending activation by ComEd. The pending request list is comprised of previously escalated requests (~90%) and new requests (~10%). ComEd is working towards their turn time goal of 48 hours but have shared they are behind due to the holidays. CCAC escalates a request, per ComEd instructions, after 4 business days if ComEd has not responded.
- Peoples Gas is hitting their turn target goal of 48 hours. However, as gas cannot be activated in units without electricity, CCAC is holding back on submitting Peoples Gas requests until receiving activation confirmation from ComEd.
- Please continue to share the [CCAC Landlord Interest](#) form!

Hi Jie,

Thanks for connect this morning.

We agreed that the State – working with the City and our partners – would develop a one-pager to share with new arrivals currently in housing that alters them to what they should do should they receive a late payment notice in April. We will also work with our case managers to ensure they're aware of the resources available to residents should they receive such a notice. And, we'll work to incorporate all of this information into our front end educational sessions as well.

[@Carrillo, Rodrigo](#) will be the State's lead here. Looping in our other colleagues [@Wells, Emerson](#) and [@Mahmood, Mahi](#) for awareness.

We'll be back in touch shortly, but in the meantime, please let me know if I've missed anything.

Thanks.

Best,

Kirstin Chernawsky

Nicole- Thank you for pulling the group together. I wholeheartedly agree that collaboration across sectors is essential for achieving overall success. I'd like to clarify one data point: one-third of our customers are making full payments, another third are making partial payments, and the remaining customers are not making any payments. I'll arrange a call with the group to brainstorm how we can further collaborate on finding a solution.

Have a great day!

Jie

Good morning, Jie,

When we spoke on Monday you shared that 20-30% of accounts set up through this project were making payments and mentioned it would be helpful to convene around the topic with city and state partners. One of the hallmarks of this project has been incredible collaboration across sectors and the response to your request is further evidence of that! We are so grateful to be working with all of you.

Listed below and copied are our partners who would like to participate in the conversation.

- Cristina Pacione-Zayas, City of Chicago, First Deputy Chief of Staff
- Beatriz Ponce de Leon, City of Chicago, Deputy Mayor for Immigrant, Migrant, and Refugee Rights

Hi Cristina,

Thanks so much for flagging this – you’ve identified one of the challenges with our manual data reporting system!

I caught an error in last week’s data (reattached – I forgot to update one of the fields on slide 1), and you caught the error in this week’s outmigration data. I forgot to update one of the sum formulas on the outmigration slide, so the calculations were not including the 219 outmigrations the team did this week.

I’ve corrected this week’s data and reattached as well (slide 3). I hope this helps. Thanks for the question, and the reminder that I need to double check my formulas before finalizing these slides!

City Shelter Asylum Seeker Housing Report: Updates

Catholic Charities of the Archdiocese of Chicago
Week 39 | Sunday – Saturday, Jan 7 - 13

- A private donor gifted \$30k for basic needs for new arrivals. Catholic Charities is working with New Life to use the funding on sheets, blankets, and other household necessities.
- Beginning Jan 17, CCAC case managers will be onsite in all 24 shelters with ASERAP eligible residents. This week due to the holiday and weather they will be onsite Wednesday – Friday. All residents eligible for ASERAP are now loaded into our client system.
- On Jan 11 CCAC flagged for ComEd 424 requests pending activation by ComEd. The pending request list is comprised of previously escalated requests (~90%) and new requests (~10%). ComEd is working towards their turn time goal of 48 hours but have shared they are behind due to the holidays. CCAC escalates a request, per ComEd instructions, after 4 business days if ComEd has not responded.
- Peoples Gas is hitting their turn target goal of 48 hours. However, as gas cannot be activated in units without electricity, CCAC is holding back on submitting Peoples Gas requests until receiving activation confirmation from ComEd.

City Shelter Asylum Seeker Housing Report: Updates

Catholic Charities of the Archdiocese of Chicago
Week 39 | Sunday – Saturday, Jan 7 - 13

- A private donor gifted \$30k for basic needs for new arrivals. Catholic Charities is working with New Life to use the funding on sheets, blankets, and other household necessities.
- Beginning Jan 17, CCAC case managers will be onsite in all 24 shelters with ASERAP eligible residents. This week due to the holiday and weather they will be onsite Wednesday – Friday. All residents eligible for ASERAP are now loaded into our client system.
- On Jan 11 CCAC flagged for ComEd 424 requests pending activation by ComEd. The pending request list is comprised of previously escalated requests (~90%) and new requests (~10%). ComEd is working towards their turn time goal of 48 hours but have shared they are behind due to the holidays. CCAC escalates a request, per ComEd instructions, after 4 business days if ComEd has not responded.
- Peoples Gas is hitting their turn target goal of 48 hours. However, as gas cannot be activated in units without electricity, CCAC is holding back on submitting Peoples Gas requests until receiving activation confirmation from ComEd.

Hi Cristina,

Thanks so much for flagging this – you’ve identified one of the challenges with our manual data reporting system!

I caught an error in last week’s data (reattached – I forgot to update one of the fields on slide 1), and you caught the error in this week’s outmigration data. I forgot to update one of the sum formulas on the outmigration slide, so the calculations were not including the 219 outmigrations the team did this week.

I’ve corrected this week’s data and reattached as well (slide 3). I hope this helps. Thanks for the question, and the reminder that I need to double check my formulas before finalizing these slides!

Hi Beth,

Apologies for missing the window to call you last week. We are in a briefing with the Mayor and a question came up about the decrease in change with shelter exits via resettlement and outmigration. It prompted me to look at the reports from this week and last week. A quick look from this week’s report yields +241 resettled compared to the previous week and no outmigrations. Is that accurate? If so, any rationale for the decrease?
