Hello Madam City Clerk. I wanted to give you a heads up on something.

In the last two weeks, we've had two different situations where there are folks potentially showing up in Michigan that are supposed to be heading for Chicago. Just wanted to let you know and see if you could connect me with the right people in the city. One was a situation of buses going to East Lansing. The other was a situation of a flight going to Battle Creek. We want to be prepared in case something happens here in the City of Lansing.

Thank you again, and I hope everything is going well!

Hi Marie and all, the form is in English. I'm helping a person thru is but it would be good to have it in Spanish as well. There's no caseworker working on this so he's doing it himself with my help. I will put my name at the bottom but it seems like there's a disconnect between the process that is supposed to take place (case worker helps) and the reality that some people won't have someone to help them. I'll be sending this person to Catholics Charities Thru the form.

Subject: Thank You For All Your Hard Work!

[Warning: External email]

Good morning!

I wanted to start the day by saying thank you for all you've done on the new arrivals mission. Often this is a thankless job, and I wanted you to know I'm grateful for all the time, energy, effort, and resources you have put into this mission over the last 17 months. This is not easy work.

As I was reflecting on the last year, I'm grateful for an amazing team, their focus on the mission of new arrivals, and all we've done together. I just wanted to thank you for your continued partnership and support. We did this together. I wanted to attached an impact report of the work we've done together with our New Vecinos Program. This includes:

- **Resettlement** - Together we've moved over 2500 families into apartments and over 10,000 individuals! We are now moving 55 apartments per day!
- **Storehouse** - We have distributed over 110,000 emergency items to police stations, shelters, and the landing zone including jackets, hats, gloves, hygiene kits, clothing, diapers, and more. We receive and distribute donations within 24 hours of an order being placed.
- **Shelter Community Care** - On Christmas Eve we opened the Ohare Hilton and have now transferred families to the new Little Village Shelter where we will care for 225 people comprised of young families. We will provide community care, case management, connection to resources and community, and continue to walk with families.
- **Landing Zone Support and Intake Center** - For the past few months we have worked with OEMC in welcoming new

neighbors at the landing zone and support Catholic Charities with Outmigration and Relocation as well as providing emergency supplies and winter gear. This week we will open the intake center and provide a system of welcoming, support, outmigration, and diversion.

- **Welcome Center** - Each week in Little Village we see 800-1000 walk ins at our Welcome Center. We help with food, case management, clothing, and guidance on their journey.
- **Pan De Vida** - At our 6 sites across the city and our two fresh markets, we feed over 6,000 families per month. We are able to give them high quality groceries as well as connection to wrap around supports.
- **Neighborhood Welcoming** - We have hosted "Welcome to the Neighborhood" events in Woodlawn, North Lawndale, Little Village, and have more planned each month. We welcome families to the community and connect them to social service agencies, churches, and other supports. This helps them on their journey to long-term sustainability.

We've done this together and we are so grateful for each of you and your partnership! This work is hard, complex, and takes so much to make happen. Thanks for your continued support on this mission and let's continue to lead with love, welcome with dignity, and change the systems and support for the future.

Seriously, grateful for each of you. Excited for the road ahead.

Thanks!

Good morning,

Jie Chu, Director of Revenue Management for ComEd, shared the rate of payment and expressed interest in being connected to our city and state partners to discuss the situation and to think through solutions. I will make sure you all are included in the email to Jie of interested partners. Feel free to let me know if anyone else would like to be added.

I have been receiving more calls from individuals without an SSN for assistance setting up utility service and learned they've been directed to me via ComEd. I would like that to be a second topic of discussion for the meeting with ComEd because it's not fair to the individuals who are being rerouted. My team, while more than willing to help, really needs to focus on assisting those residents who are eligible for ASERAP as that is our contracted responsibility.
