READY SEAL is an oil-based, professional-grade stain-and-sealer-in-one. Originally designed with contractors and wood workers in mind, the Goof-Proof® formula makes it a perfect choice for anyone doing outdoor wood projects. With a single application, READY SEAL can offer both a beautiful look and a durable, water-resistant finish.

Whether you use a brush, roller, or sprayer, READY SEAL saves you time, money, and frustration. Regardless of how you apply it, you'll have no laps, no runs, and no streaks,* with no back-brushing required. READY SEAL is not a paint or coating. Unlike many other stain products, READY SEAL penetrates down into the wood rather than sitting on the surface, leaving you with a beautiful matte finish that won't crack, chip, flake, or peel.
