

Michigan Cream and Sugar Ice Cream is proud to support our community and strives to fulfill as many donation requests as possible from local non-profit organizations. We prioritize those that align with one or more of our community pillars: agriculture, youth and local impact.

Requirements:

- Organization located in and serving the Great Lakes Bay Region of Michigan
- Directly impacts at least one of our community pillars: agriculture, youth and local impact.
- Non-profit organization that has a 501(c)(3) IRS designation unless the fundraiser is a benefit for an individual

To ensure everyone has a fair opportunity, we will only donate to or partner with each selected organization once a year. Our Uptown Bay City and Old Town Saginaw locations operate as a single business unit, so an organization may not request donations from both locations.

How To Request a Donation:

If your organization meets the requirements above, please submit a valid request by emailing events@michigancreamsugar.com.

Important Notice:

Please allow two weeks for our Community Engagement Team to review and respond to your request. A form must be submitted either in person at our Uptown Bay City or Old Town Saginaw locations or via the email listed above for the team to review your request. Donations are based on availability.
