SUN PEAKS SKI RESORT INFORMATION

About Sun Peaks Ski Resort-

The family-friendly resort is Canada's second largest ski resort, with 4,270 skiable acres and an average of 6m of snow each season. With a variety of terrain to entertain all abilities and interests, including cross-country and down-hill skiing, Sun Peaks is a favourite destination for families, beginners and experts alike.

Sun Peaks is a celebrated mix of superb natural environment and convenient amenities that marks it as a leading international ski destination. The resort has grown since the 90's to include 3 mountains; Tod, Sundance and Morissey, each of which has its own distinct personality. Sundance is the preferred slope for beginners, with a number of relaxed groomed runs to practice your turns on. Mt Tod offers challenging gladed terrain, long groomers and some daring open bowls. Mt Morissey is somewhere in between with a few steep runs and some seriously thigh burning cruisers.
