The History

The first Cheese & Wine Exposition was held in 1977. The Chamber along with a committee created the festival to bring merchants together and bring visitors to Riverbank. With Cheese factories operating in town and several wineries in the area the inception of the Cheese and Wine Exposition was a natural formulation!

The background features a white surface with a delicate, golden marbled pattern. Green leaves of various shapes and sizes are scattered across the top and bottom edges, some with a shimmering gold leaf effect. The overall aesthetic is elegant and celebratory.
