

Dear Jane SAL Block List

Hello! I am so excited you are here! We are going to have a great time sewing history together. I have put together a list of the blocks with the names and locations for you.

In the following pages you will find the block, triangle, and corner block's location, name and technique. Some blocks require more than one technique, ex. paper piece and applique.

Whether your are going to machine piece or hand piece the block list will help you stay organized.

♡ Anna
