

Sudden Shaking, Beginning a New Day

February 6, 2023 Prophet Ken Dewey

This very morning, before I could leave out again for Desert Zion, I heard The LORD say: “Write this down.”

I want you to know that when I hear Him say that **I know** that He is fixing to say something important, so, I get ready to write.

I begin to hear many things of confirmation to me personally about Words I have heard Him speak, and I begin to understand. I am not free to speak of them all at this moment... but.. This is what He said:

“I AM shaking many things and moving things in the ground around, rearranging them. Many changes, suddenly!

Get ready, for the time of my great Miracles are come, and many will move to do exploits for Me.

Much work, Moses Man, much work, for now you’re soon leaving, out to speak again to the Pharaoh, saying, “Let my people go!”

Great Deliverance!.

Men will not know what is happening for they will run in fear, saying the great day of My Wrath has come!

But... the end is yet to come, for only a new Age in time has begun, leading into that great day.

Many have misunderstood My Revelation, not knowing the coming time. But now, many who have waited to see and have seen with their eyes to see, will be free to run in great strength.

For those who thought they were out of time will see a new day in which to work.

Press in! Believe Me! Only march at My Voice, and I will lead you forward and great will be the day.

I AM that I AM, and nothing can stop Me from doing all I have promised I would do.

Trust Me. Walk with Me. Work with Me.

Many will be taken and many left. I speak not of a rapture — but a time of great protection, a day of separation.

Look not back only move forward. Press in..!

Many will come up under me in My Secret Place(s), for I will cover them with My Wings.

I AM preparing a place for them!

Yeshua.”

I have written this Word as I have heard Him speak it, in obedience. I am but one who speaks.
