

## (GAPP)

GAPP is a Medicaid-funded program that provides free in-home nursing care to medically fragile children under 21.

Children may also qualify through the Katie Beckett Waiver, which removes income requirements and focuses on the child's medical needs.

families.

# Our Mission

At Southern Healthcare Services, we are committed to delivering clinical excellence with compassion. Our mission is to support families by keeping medically fragile children safe, cared for, and thriving—right at home.

## Getting Started Is Easy

- We visit your home for intake and paperwork.
- We submit your application to GAPP or Katie Beckett (approval in 30–45 days).
- Once approved, care begins. If denied, we'll help with appeals.

## Our Pediatric Services Include

- Skilled Nursing (RN & LPN)
- Personal Care Assistance
- G-Tube & Catheter Care
- Medication Administration
- Respiratory Therapy
- Wound Care
- Mobility Support
- Transportation Help

## Need Help?

 Our team will guide you every step of the way—from paperwork to care. We're here to make the process easy and stress-free for your family.

## Our Staff

- CPR-Certified
- Background-Checked
- TB-Tested
- Pediatric-Experienced & Compassionate
