## About the (GAPP)

GAPP is a Medicaid-funded program that provides free in-home nursing care to medically fragile children under 21. Children may also qualify through the Katie Beckett Waiver, which removes income requirements and focuses on the child's medical needs.

**SOUTHERN**  
HEALTHCARE SERVICES

“Because every child deserves care, comfort, and a chance to thrive—at home.”

Children

## Our Mission

At Southern Healthcare Services, we are committed to delivering clinical excellence with compassion. Our mission is to support families by keeping medically fragile children safe, cared for, and thriving—right at home.

## Getting Started Is Easy

- We visit your home to complete intake forms and gather documents.
- We submit your application to GAPP. Approval takes around 30–45 days.
- Once approved, care begins. If denied, we'll guide you through the appeals process.

## Need Help?

Our team will guide you every step of the way—from paperwork to care planning and beyond. We're here to make the process easy and stress-free for your family.
